

## U. S. FEARS 'EXPLOSION' IN GREECE

Fire Destroys St. Ann Church; Loss Is Estimated At \$100,000

## AMERICA WILL TRY TO BUILD NEW GERMANY

## HIGHER STANDARDS OF LIVING SOUGHT FOR PEOPLE

BY RICHARD KASISCHKE  
Berlin, July 15 (AP)—The United States government, announcing a revised policy toward Germany, declared today "a stable and productive Germany," with a higher standard of living was essential to European recovery and lasting peace.

The new policy, first over-all American directive on Germany since the end of the war—apparently opens the way for German participation in the Marshall proposal for European reconstruction.

The new directive was sent to Gen. Lucius D. Clay, U. S. military governor, by U. S. state, war and navy departments. It represented an updating of American occupation policy; which officially had been based largely upon the old joint chiefs of staff directive to Gen. Dwight D. Eisenhower dated April 16, 1945, three weeks before the end of the war.

**Military Banned**  
The new 6,000-word directive laid down American objectives and basic policies to be pursued in the U. S. administration of still-partitioned Germany. It contained especially in its economic aspects, some policy revisions which were stated officially and publicly for the first time.

U. S. military government leaders here said they regarded the document as the most important American statement on Germany since the speech of former Secretary of State James F. Byrnes in Stuttgart last fall, when he advocated the return of self-government to the Germans as quickly as possible.

The U. S. directive repeatedly made it plain that America wants Germany demilitarized permanently. It said that "there should be no relaxation of effort to complete and effectively maintain the disarmament and demilitarization of Germany."

But it added that, within the limits of these "necessary restraints" Germany should be permitted to raise her standard of living by development of her resources and should be aided in achieving a self-sustaining economy.

Statements on economy and reparations in the directive also were interpreted as putting into force an American policy expressed at the Moscow foreign ministers' meeting last March and April: That the U. S. would not agree to permit Russia to extract reparations goods out of Germany while the American taxpayer was obliged to pour in funds to keep Germany alive.

**Prosperity Aids Peace**  
Keynote of the directive was contained in the section headed: "United States policy toward Germany," which read in part:

"The basic interest of the United States throughout the world is just and lasting peace. Such a peace can be achieved only if conditions of public order and

## Business Leaders Discount Threats Of Inflation Spree

Washington, July 15 (AP)—Two business leaders today discounted fears of a new inflationary spree, and told congress that Americans have to look to the future with confidence.

Here is what they testified before the joint congressional committee on the economic report:  
1. George M. Humphrey, Pittsburgh, head of the world's largest commercial coal company, who helped negotiate the new contract with John L. Lewis' United Mine Workers.

"The new coal wage contract will do more to stabilize the economy and retard inflation than settlement of any controversy in the industry in several years," he said. He thinks it will not affect wages in other industries.

2. Earl Bunting, president of the national association of manufacturers.  
"Prices are high, as compared to pre-war, but the increase has been less than the rise of wages. During the last four months the price level has definitely flattened out."

A third witness, Robert E. Wood, board chairman of Sears Roebuck & Co., added this assuring view of the economic outlook: "I have never believed that any depression was in store for us in 1947 and I doubt whether it will come in 1948."

Bunting told the committee that the nation should be able to absorb what he termed this year's "second round" of wage boosts without suffering an inflationary spiral.

But he sounded a note of caution about a program of "loan gifts" to war-stricken nations overseas, declaring:

"We must make sure that in our desire to help our friends abroad, we do not disrupt our own economy."

"This can easily be done, and as a matter of fact it has already been done through enormous government purchases of farm and food products. The consequent price rise has raised our living costs to the detriment of consumers."

Wood said the U. S. should stop most of its assistance to Europe "because western Europe is to a large extent finished." He said no amount of money can restore its economy to its former condition.

## WRITER OF TOP SONG HITS DIES

Long Illness Is Fatal To Walter Donaldson, 'My Mammy' Author

Santa Monica, Calif., July 15 (AP)—Walter Donaldson, 53-year-old author of "Yes Sir, That's My Baby," and many other song hits, died at his home today after nearly a year's illness of a liver ailment.

His life had been despaired of last November, a few months after he was stricken seriously ill, but he rallied.

A native of Brooklyn, N. Y., he worked in Wall Street before he turned to Tin Pan Alley. His first song, written in 1925, was "We'll Have A Jubilee In My Kentucky Home."

His "Daughter Of Rosie O'Grady" and "How You Gonna Keep 'Em Down On The Farm?" were hits of the first World War period, during which he spent 16 months, entertaining recruits at Camp Upton, N. Y.

He met Irving Berlin while at Camp Upton, and for a time they joined forces.  
In 1920 he turned out "My Mammy," which Al Jolson made famous the next year in "Sinbad." He also wrote "My Little Bimbo," "Tired Of Me," "I Wonder Where My Baby Is Tonight," "That Certain Party" and, with the late Gus Kahn, "My Buddy."

"My Blue Heaven" was a 1927 success, and with coming of talkies he found himself in Hollywood doing the film score for "Whoopi."

His movie tunes included such successes as "Sleepy Head," "Good Night, A Thousand Good Nights," "It's Been So Long," and "Did I Remember?" introduced by the late Jean Harlow in "Susie."  
"My Mom," "Little White Lies," "You're Driving Me Crazy" and "After I Say I'm Sorry" were others which made him one of the biggest sheet music sales boosters in the business.

## WOMAN HURT WHEN HIT BY FALLING BRICK

EDIFICE BUILT IN 1888 NOW ONLY PILE OF RUINS

Fire of undetermined origin but possibly caused by defective wiring destroyed St. Ann church Tuesday morning. The edifice was 59 years old and has long been one of the religious landmarks in Escanaba.

Rev. Father Sebastian Maier, pastor of St. Ann, said that he estimated the loss at \$100,000 and that it was "partially covered by insurance." The church was located at Third avenue south and Eighth street.

## GOP GOVERNORS BET ON DEWEY

New Yorker Favored As Presidential Choice For 1948 Campaign

BY JACK BELL  
Associated Press Political Reporter  
Salt Lake City, July 15 (AP)—A secret-ballot poll disclosed today that Gov. Thomas E. Dewey of New York is the odds-on choice of GOP state executives for the Republican presidential nomination in 1948.

Bunched with Dewey in the total number of ballots cast for them first, second and third choice position by 17 participating Republican governors were Gov. Earl Warren of California and former Gov. Harold E. Stassen of Minnesota.

But with 10 first choice votes to Warren's two and Stassen's one, Dewey far outstripped the field in that category.

Dewey had a total of 12, counting one second and one third choice. Warren tied that overall total with one second and nine thirds, in addition to his two firsts. Stassen had six seconds and one third, besides his one first, for a total of eight.

Democratic governors, asked to express their preference for a vice presidential nominee only, split their selections so widely that former Secretary of State James F. Byrnes topped the list with two first choices. Nine others each received a single first choice designation.

The poll, conducted by the Associated Press in cooperation with the Salt Lake Telegram and the Desert News at the annual governors' conference here, reflected only the personal preferences of the governors and not necessarily the views of their states.

## MacArthur Silent On His Availability As 1948 Candidate

BY RUSSELL BRINES  
Tokyo, July 15 (AP)—MacArthur-for-President speculation from Wisconsin landed in silence here today.

Efforts were unavailing to obtain General MacArthur's comment on a statement by Lansing Hoyt, chairman of the Wisconsin MacArthur-for-President club, that "I'm positive he will be available" as a Republican presidential candidate in 1948.

Hoyt declared he had learned from "a source on the highest level" in Tokyo that MacArthur would accept, but headquarters officers declined to discuss his announcement, issued after the general told a visiting Wisconsin editor he intended to settle down in Milwaukee, his boyhood home.

MacArthur, 67, first disclosed his intention to settle in Milwaukee to James Packman, managing editor of the Milwaukee Sentinel, whom he greeted Monday with the remark, "It's good to meet somebody from my home state."

Later, he added, "Tell your paper that I plan to go back and settle down in Milwaukee after the peace treaty is signed."

SIX PAID HOLIDAYS  
Detroit, July 15 (AP)—Mayor Edward J. Jeffries today recommended that the city's 7,200 hourly-paid employees receive the six paid annual holidays included in many industrial contracts. He estimated cost of the proposal at \$428,000 annually. The council scheduled hearings beginning Wednesday on the recommendation.

SPECTATOR INJURED  
Mrs. Frank Kang, 23, of 818 Second avenue south, suffered possible serious injuries about 7 o'clock yesterday morning when she was struck by a falling brick during the fire that destroyed St. Ann church. The brick struck the pavement and then bounced, striking Mrs. Kang in the hip. Rushed to St. Francis hospital by ambulance she was given an x-ray examination to determine whether there were fractures. Physicians said she may have suffered possible internal injuries.

The fire was discovered and reported to the fire department at 4:25 a. m. by William Steinhausen, 711 Third avenue south, who was awakened by his terrier dog, "Bobby." The dog ran from the bed to the window facing the church. Steinhausen smelled smoke arising, went to the window and saw flames inside a small window of the confessional on the south side of the church.

Fire Spread In Walls  
"A few minutes later I could see smoke under the eaves on the south side," Steinhausen said. "It seemed like the fire went up through the walls to the roof."

Fire Chief Jerry Perow said that when the firemen arrived the church was filled with smoke and intense heat, indicating the fire had gained considerable headway. The chief made his way to the bell tower of the church in an effort to find some way of getting at the flames from above, but because of the great heat and the difficulty of making an opening through the metal roof the streams of water were played on the fire inside.

The church was built in 1888 and was originally a frame structure. Later brick veneering was applied to the exterior walls and the wood shingle roof was covered with corrugated metal.

Saves Blessed Sacrament  
Another difficulty encountered

## MARSHALL PLAN SET IN MOTION

Blueprint Of Economic Aid To Europe Drawn Up By 16 Nations

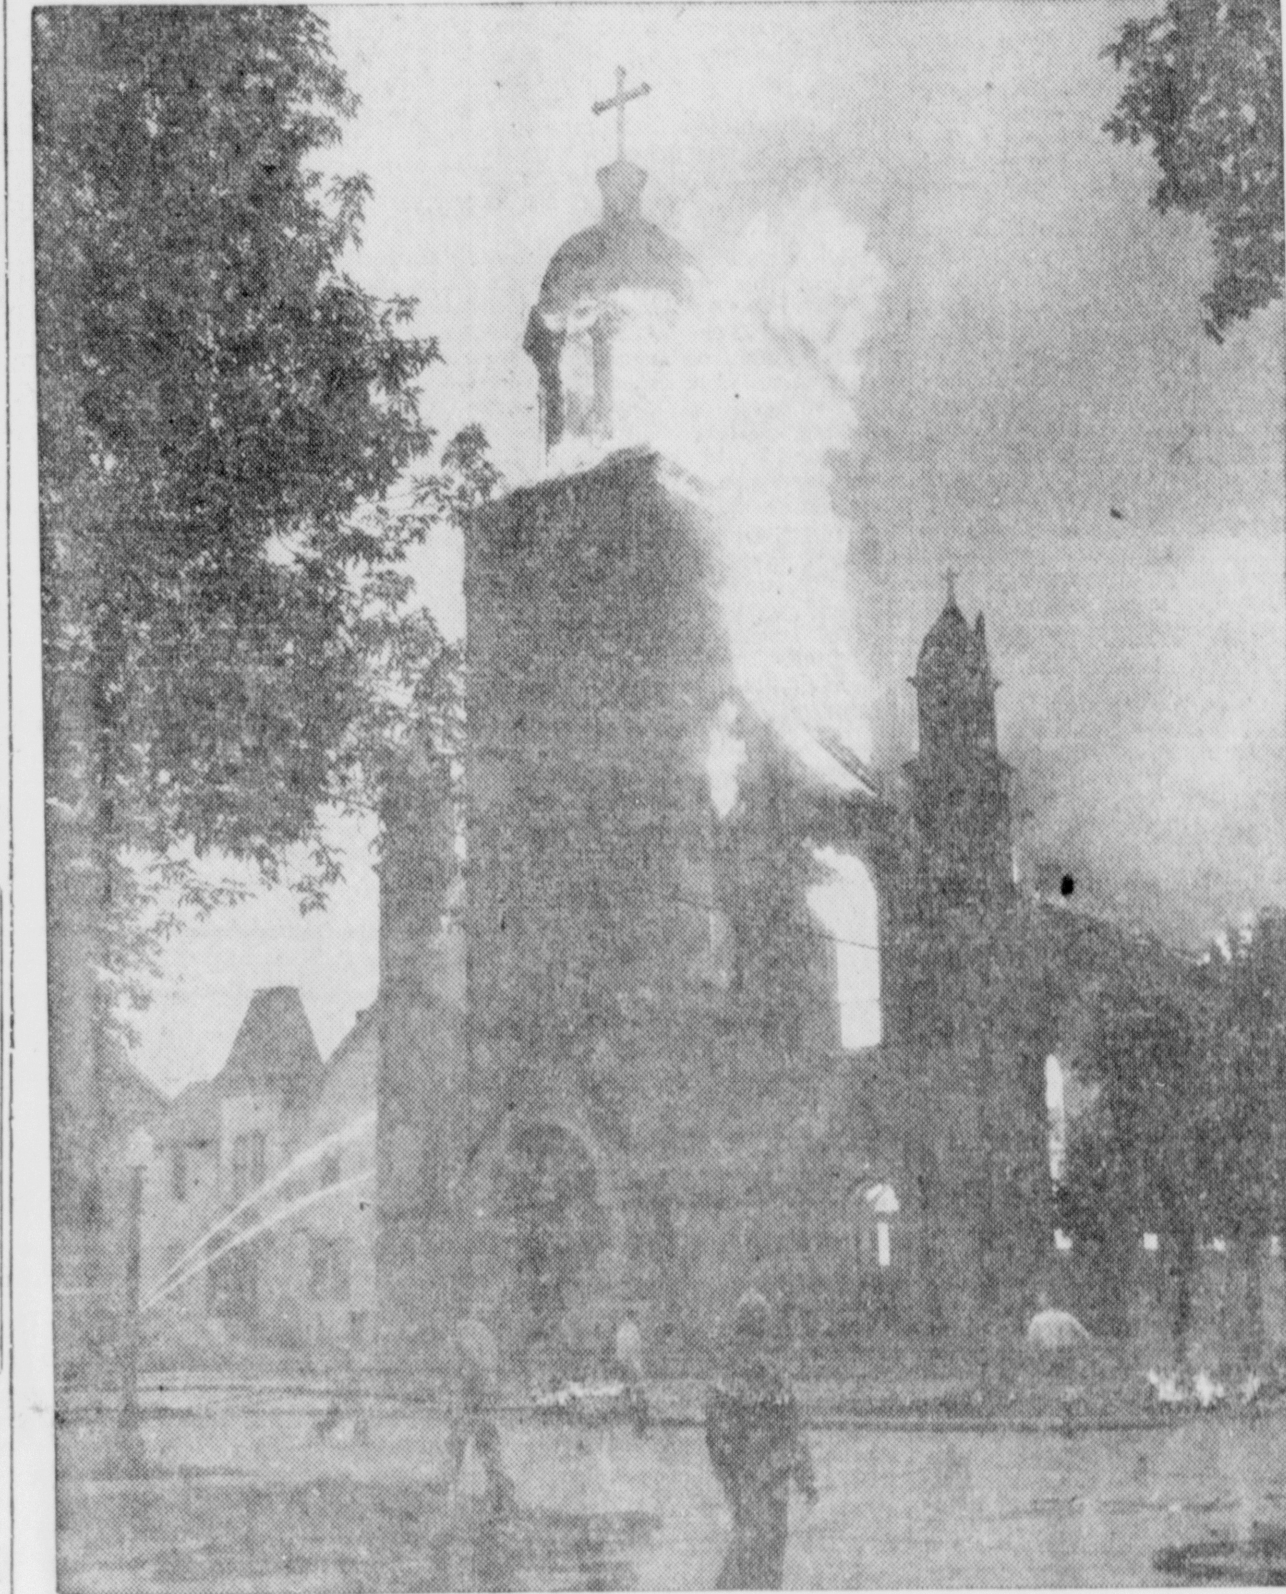

BY JOSEPH L. DYNAN  
Paris, July 15 (AP)—Without division, the 16-nation European economic conference completed today its blueprint of an organization to draft and administer continental reconstruction outside the aloof Russian sphere, under the Marshall plan of U. S. aid.

The conference's third plenary session, meeting for only 45 minutes, unanimously approved a rules committee recommendation to establish a general "committee of cooperation," or steering committee, a five-nation executive board and four technical boards.

The lesser committees will survey Europe's resources and dollar needs by Sept. 1. Delegates perused with care Secretary of State Marshall's address in Salt Lake City last night indicating the program would not be submitted to congress before January.

Paul-Henry Spaak, the Belgian Premier, summed up by paraphrasing an old French proverb: "Help yourself and heaven will help you." Instead of heaven, he substituted the United States.

Today's plenary session will be the last until the various committees are ready to report on their surveys. The next plenary meeting probably will be late in August or around Sept. 1.

LANDMARK IN RUINS — Flames billow from the bell tower and windows of St. Ann church shortly before collapse of the roof and walls of the structure, oldest existing church in Escanaba. The loss in the fire has been estimated at \$100,000 and is partially covered by insurance.

## Father And Two Sons Named In Fish Piracy Around Whitefish Bay

Sault Ste. Marie, Mich., July 15 (AP)—Efforts to stamp out Whitefish Bay "piracy" which has affected fishermen from Brimley to Whitefish Point resulted in the arrest Monday of three Paradise fishermen, a father and two sons.

Prosecutor F. Ray Gillespie said the trio, Frank Williams, sr., Frank Williams, jr., and William Williams will be charged under state law on a count of tampering with fishing equipment. This offense is a high misdemeanor and can bring with it a penalty of \$500 fine, six months in jail and revocation of a commercial license, said Gillespie.

The three Williams' were arrested by state police, sheriff's and conservation officers. A warrant search of their tug the "Nomad" formerly the Minnehaha, produced net anchors and parts of nets identified by Whitefish Point fishermen as belonging to them, the officers said.

First complaint was made by Charles Hawkins, a Whitefish Point commercial fisherman who said that his nets had been lifted and damaged on two occasions.

LOT MAKES MONEY  
Coldwater, Mich., July 15 (AP)—The board of education proudly announced today that it made money last year on the vacant land which was purchased for eventual erection of a new school.

Raspberries grown on the property were sold for \$348 according to the annual report.

MRS. THANKFUL  
Lansing, July 15 (AP)—Mrs. Thankful Peterson of Lansing had good reason to be thankful today.

Her car went out of control, jumped a curbstone, snapped off a parking meter and was only saved from plunging into the Grand river by an iron guard rail.

DETROIT BUYS ELEPHANTS  
Detroit, July 15 (AP)—The common council today appropriated \$7,500 for the purchase of two new elephants for the Detroit zoo at Royal Oak. Zoo Director Frank McInnis said the beasts are "reputed gentle."

## MYSTERY DEATH INQUEST CALLED

Detroit Widow Victim Of Foul Play, Local Coroner Believes

Detroit, July 15 (AP)—The coroner's office today prepared to call an inquest into the mysterious death of 54-year-old, widowed Mrs. Laura Wilkin.

She was found unconscious in her apartment July 14 and died the following day in a hospital. Coroner Albert L. French, who had insisted that her death could have resulted from foul play, was granted authority to call an inquest when a petition signed by five persons was filed.

Previously, the Detroit homicide squad had branded Mrs. Wilkin's death accidental and the prosecutor's office had declined to ask an inquest.

Dr. French claimed to have found medical evidence that the widow was raped and beaten sometime before she was found.

Among persons questioned by police originally was an unnamed male friend of the victim, described by officers as "a successful businessman" who was married to an invalid.

Police carefully guarded his identity because, they said, he voluntarily came to them and apparently had no connection with the death of Mrs. Wilkin, whom he had lived and dined on several occasions in public.

Dr. French said it would be up to the prosecutor's office whether or not to call the man as a witness at the inquest, the date of which was not set.

## New Election Laws To Give Communists Sweeps In Hungary

Budapest, July 15 (AP)—Vilagos, social democratic newspaper, said today the Hungarian parliament might be dissolved next week—a step which would deprive opposition members of their parliamentary immunity from arrest.

The paper said passage of new election laws would precede adjournment. Anti-Communist leaders have predicted these new laws would guarantee sweeping left-wing victories in the September elections and clinch the Communist coup of May 31.

## BORDER MIXUP IS MENACE TO WORLD PEACE

DELEGATES TO U. N. COUNCIL URGED TO ACT QUICK

BY LARRY HAUCK  
Lake Success, July 15 (AP)—The United States told the United Nations Security Council today that the situation in Greece "might burst into an explosion any day" and urged delegates to meet continuously to quell the threat to world peace.

A situation is developing dangerously along the Greek-Albanian border which might burst into an explosion any day," Deputy Delegate Herschel V. Johnson said soberly. "The events of the past few days indicate that the situation has worsened."

"The United States urges the security council to proceed with all possible dispatch in setting up this (border watch) commission."

Johnson asked the council to hold two special meetings tomorrow and to vote "as soon as possible" on proposals to end the border disturbances.

Reports Called Lies  
Nesti Kerenchi, Albanian representative, told the council that a "so-called international brigade" was merely a repetition of previous reports—"completely without foundation"—spread by Greek officials.

"The lies from Greek sources—intended for the outside world—cannot stand up for a single minute," he added.

Yugoslavia said the reports were without foundation and the situation was not as difficult as it had been pictured by some delegates. Greek Ambassador Vassili Demandris retorted quickly that "there have been real battles going along the Albanian border for two days." He backed Johnson's appeal for speed on a decision.

In his plea, Johnson gave the first indication that the United States might be ready to compromise on sections of its demands. He said he was willing to stress conciliation but noted that certain sections such as establishment of the commission were "fundamental."

French Favor Conciliation  
Earlier, French Delegate Alexandre Parodi called attention to the "grave reports from Greece and counseled delegates to 'keep calm.'"

He urged delegates to await full confirmation of dispatches before forming conclusions and cautioned that the council must confine its action to limits of the U. N. charter.

He agreed with the American demand for a semi-permanent border commission, but suggested it to be comprised of small neutrals rather than the 11 council members, which include the major powers. The French delegate also stressed that conciliation should be the watchword of the group which would operate with great "moral authority."

Dr. Alfonso Lopez, Colombia, also sought to inject a compromise on the American plan by asking

## BAND CONCERT HERE TONIGHT

First Program Of Season  
Will Be Played At  
Ludington Park

The Escanaba City Band directed by A. L. Shomento will present the first in a series of summer concerts starting at 7:30 o'clock tonight at Ludington Park. In event of rain the concert will be played Thursday evening at the same hour.

A variety program of standard popular numbers, marches, and semi-classical music has been arranged. The band is the same organization that presented the Hiawatha Saga concerts. There is no admission charge for the summer park concerts and the public is invited to attend.

Tonight's concert program is as follows:

Glory of the Marines—Victor Grabel

Broadway One Step—Karl L. King

There's Something About a Soldier—Standard popular

Chicago World's Fair Centennial Celebration 1933—Carl Mader

Dance Oriental—T. Lubomirsky

When My Dream Boat Comes Home—Standard popular

Anchor Aweigh March—Zimmerman

Black Eyes—Harry Horlick (Gypsy Dance number)

Washington Grays March—Gravilla

Till We Meet Again—Standard popular

When Day is Done—Standard popular

Down South (American sketch)—Middleton

Immortal Legions (Concert March)—George Keenan

The Shiek of Araby—Standard popular

Hall of Fame, Concert March—Joseph Olivadotti

City Manager Lists

Water At Height Of

22 Feet During Fire

City Manager A. V. Aronson reported yesterday that throughout the conflagration at St. Ann church the city water level was kept at 22 feet, thus rendering water pressure of at least 50 pounds. The maximum water level is 25 feet.

The seeming low pressure, initially, Mr. Aronson stated, was due to the fact that three hoses of the Escanaba fire department and two of the Gladstone fire fighters were too much of a drain on the water supply in the immediate vicinity.

The Escanaba water system is laid out in the grid plan, allowing water to come from all points to level off when a heavy drain is taken. The Escanaba fire department used one water pump during the blaze and Gladstone one, thus affording an added pressure, of at least 30 more pounds.

The water hydrant on Eighth street was not used because of its proximity to the fire. If a cornice or wall had collapsed the equipment would have either been demolished or rendered impotent.

During the fire the men had to spray houses half a block away to prevent further damage from the flying embers.

Hospital

Mrs. Al Empel, 1412 Stephenson avenue, is a surgical patient at St. Francis hospital.

Milford Arnold, a Powers carpenter, is now confined at St. Francis hospital with injuries he received when the scaffolding on

## Edward McCrum, 31, Fatally Injured In Detroit Accident

C. E. McCrum, 31, of Detroit, a brother of Mrs. Harold Norris and James McCrum, of this city, was killed Monday night in Detroit, when he was struck by a police car on an emergency run, at an intersection.

Funeral services will be held at Huntington, Ind., Thursday, and burial will be made there.

Mr. McCrum, who was unmarried, is survived by his father, James McCrum, sr., of Tulsa, Okla.; one sister, Mrs. Norris; and three brothers, Joe, of Detroit; John, of DeWitt, Mich.; and James, jr., of Escanaba.

Mr. and Mrs. Norris and Mr. and Mrs. McCrum left Tuesday afternoon to attend the services.

WSCS Has Institute

July 16-18 In U. P.

Michigan Camp

The Marquette District Summer Institute of the Woman's Society of Christian Service will be held July 16-18 at Camp Michigan.

A large presentation of women in all Methodist churches of Upper Michigan will be in attendance.

The camp opens Wednesday with registration and a spiritual retreat at 7:30 in the evening with Mrs. Elizabeth Keast as leader.

Thursday morning there will be worship service in charge of Miss Edith Parks, missionary from Nyadire, Rhodesia, South Africa.

Classes in world evangelism, prayer, and "We, The People" will be conducted at the institute.

Also on schedule for Thursday morning is a speech on interracial practices by Mrs. William Postles, Detroit, a member of the Detroit board of directors for YWCA.

Workshops in program building, children and youth work, pattern of WSCS, Christian social relations and finance will be held.

Various musical programs, teas, and movies are planned for the Upper Peninsula meeting.

The camp staff is composed of Mrs. C. L. Mosher, dean; Mrs. George Gilbert, business manager; and Mrs. A. H. Pascoe, Mrs. Frank Vanderpool and Mrs. O. E. Oie, registrars.

District officers include Mrs. Alfred Anderson of Bark River as secretary of Christian Social relations; Mrs. Nancy Petry of Escanaba, vice president; Mrs. O. E. Oie of Munising as recording secretary; Mrs. Keith Bundy of Manistique, promotion secretary; Mrs. A. H. Pascoe of Ishpeming, treasurer; Mrs. Elizabeth Keast of Ishpeming, secretary spiritual life; Miss Frieda Schwartz of Munising as secretary of Wesleyan Guild and Mrs. George Gilbert of Gwinn, chairman of nominating committee.

which he stood while repairing a roof gave way. He is the brother of Mrs. Dan Beauchamp, 409 South 13th street.

## Lions At Daggett Receive Charter

Approximately 250 Lions and their wives attended the charter night program at Daggett Monday evening in which District Governor Joseph Guckey presented a Lions charter to the new Daggett club.

Attending from Escanaba were King Lion Cliff Vadnais, Secretary John Stoll, Merrill Larson, Jim Frenn, Gust Asp, Mel Oslund, Harold Beaton, Forest Potter, Jess Layviolet and Cotton Leonard.

Richard Oslund, of Escanaba, presented a magical program as one of the features of the entertainment.

## Students Of Tech Go On Field Trip

Houghton—Thirty-two Michigan Tech students in mining engineering left Houghton Sunday for a two-weeks mine inspection trip of the Michigan iron ore ranges. The trip is under the direction of Professor J. Murray Riddell, head of the college's department of mining engineering, who is assisted by Professors R. C. Matson and C. M. Harry.

Four days of the trip will be spent on the Marquette Range, three days on the Menominee Range, and four days on the Gogebic Range. The schedule of instruction calls for underground inspection and examination each morning to study the various mining methods in current use. The afternoons are devoted to inspection of the surface plants.

In addition to the actual mine inspections the group will also visit the Hercules Powder Plant at Ishpeming, the shops of the Lake Shore Engineering company at Marquette, and the hydro-electric plants of the Cleveland Cliffs Iron company.

Defective Lights—Clifford

Launderville paid court costs of two dollars in justice court yesterday for having defective lights on his automobile. Launderville was ticketed by the state police.

Hot Garbage—A city truck picking up garbage narrowly escaped destruction yesterday at

noon at Fifth avenue south between 12th and 13th street. The truck, driven by city employees, received a load of hot refuse which began to burn. The driver of the truck noticed it and dumped the load in the street and called the fire department, which extinguished the flaming refuse.

Two Car Mishaps—Two car accidents in Escanaba were listed in the police records yesterday, neither of them involving serious damage. The first occurred at 2236 Lake Shore drive when John Zeno of Old State road was hit by a car driven by Ernest Beauchamp of Escanaba Route One, as Zeno was turning into the driveway. The other happened in the 1200 block of Ludington street when a car driven by Russell Seitz of Three Rivers, Mich., hit a car driven by Edward Zillmer of New London, Wis., as the latter was traveling east on Ludington. Seitz was backing from the curb.

Names Omitted—The names of Mr. and Mrs. Bert Dumas of Lena, Wis., Mr. Edmond Taylor and four daughters of Escanaba, Mr. and Mrs. Albert Taylor, Mr. and Mrs. Herman Erickson, Mrs. Elizabeth Riedy, Mrs. Ken Olsen, Mr. and Mrs. Roy Erickson and Ray Taylor, all of Escanaba, were not included in the list of out-of-town persons attending the funeral mass for Mrs. Arline Taylor at Schaffer.

Speeder Fined—Orville Turan paid a fine of three dollars and two dollars costs in justice court yesterday for speeding in the city limits.

OLLE I SKRATHULT

and his company and popular band touring the northwest will play a show and dance in Unity Hall, Escanaba, Friday, July 18, 8:30 pm. Big Dance after the show.

## MRS. DOTSCHE DIES AT 91

**Funeral Of Life-Long  
Garden Resident  
Friday**

Mrs. Mary Dotsch, 91, highly esteemed life-long resident of Garden, and grandmother of former State Senator James Dotsch, died at 10:30 o'clock Tuesday morning at her family home.

Mrs. Dotsch was born in Garden, July 3, 1856. During her many years, she was devoted to her family and its interests, and she also was an influence in the life of her home community. She was a devout member of St. John the Baptist parish and took a prominent part in all church activities.

She is survived by one daughter, Mrs. Octavia Voakes; her grandson, James Dotsch, of Lansing; 14 grandchildren and 13 great grandchildren and two step-sons, John and Ray Dotsch.

The body will be removed from the Boyce funeral home in Escanaba to the family home in Garden at 2 o'clock Thursday afternoon. Services will be held Friday morning at 9 o'clock at St. John the Baptist church, and burial will be in Garden cemetery.

## Gould City

Gould City, Mich.—Donna Mae Van Dine, of Chicago, arrived Sunday to spend the school vacation with her grandmother, Mrs. Grace Engle.

Mrs. Henry Truman of Muskegon, visited her sister, Mrs. Orville Leveille and father, Wm. Bureau, Tuesday.

Mrs. Ed McGuire and baby son were discharged from the Shaw hospital in Manistique, Friday.

Edgar Nicholson, of the Army of Occupation in Germany and France, arrived home Sunday for a 56-day furlough before being sent to Alaska.

The baseball game scheduled for Sunday at Naubinway, was rained out.

### Shower

A pink and blue shower for Mrs. Harry Salter, Jr., was held at the school house Tuesday evening.

Progressive Pedro was played with prizes going to Mrs. Al Balla and Mrs. Alice Barber. Miss Frieda Ehn won the door prize.

The room and supper table was prettily decorated in pink and blue with bouquets of mixed garden flowers and candles.

Hostesses for the evening were Mrs. Edmund Blanchard, Mrs. Wayne Engle and Mrs. Bessie Marshall.

Guests were Mrs. Alice Barber, Mrs. Al Balla, Mrs. Earl Robare, Mrs. Ted Fisher, Miss Frieda Ehn, Mrs. Geo. Judson, Miss Wanda Leveille, Mrs. Jack Bearsley, Mrs. Harry Salter, Mrs. Henry Friedman, Mrs. Grace Engle, Mrs. Andrew Christie, Mrs. Wm. Watts, Mrs. Della Slack, Mrs. Cora Stalker and Mrs. B. S. Wilson.

The guest of honor was presented with a baby carriage and many other "little things."

## Bark River

### Birthday Social

Mrs. Al Johnson was honored Friday afternoon by a group of friends, who arranged a social gathering in observance of her birthday anniversary. A delicious lunch was served at the close of the afternoon and Mrs. Johnson was presented with many useful gifts.

Mr. and Mrs. Harold McNaughton have returned from a visit at the William McNaughton home in Oshkosh.

Miss Len Johnson has returned from Oshkosh where she visited at the Chet Sickles home.

## Obituary

### NOEL BRIERE

Funeral services for Noel Briere, Delta county pioneer, who died Sunday at his home in Shafter, will be held at 9 o'clock this morning at Sacred Heart church, with Rev. Fr. Wilfred Pelletier, celebrant of the funeral mass. Burial will be in Holy Cross cemetery, Escanaba.

### OLAF N. CARLSEN

Final rites for Olaf N. Carlsen will be held at 2 p. m. today at Anderson funeral home. Rev. Gustav Lund of the Bethany Lutheran church will officiate. Burial will be in the family lot at the Lake view cemetery.

### JOHN E. OLSON

Funeral services for John E. Olson, who died suddenly Monday, will be held at 2 p. m. Thursday at the Anderson funeral home, with Rev. Gustav Lund officiating. Burial will be in the family lot at the Lake view cemetery.

### EARL J. FRENCH

Funeral services for Earl J. French, of Casper, Wyoming, former resident of Escanaba, were held at 2 o'clock Tuesday afternoon in the chapel of the Alto funeral home, Rev. James H. Bell, of the First Presbyterian church, officiating. Both the Commandery and the Blue Lodge attended the services in a body and the rites of the Masonic order were conducted by Arthur Nelson.

Burial was in Lakeview cemetery. Honorary pallbearers of B. P. O. E. were Walter Richey, Norman Stephenson, M. N. Smith, William Perron, James Freen and Grover Lewis. Active pallbearers, members of the Masonic order, were H. L. Holderman, Howard Plucker, P. A. Aronson, Elmer Carlson, Henry Arnold and John Edick.

Those attending the rites included Mrs. French and son, Paul Robert, of Casper; Mrs. James K. Hopkins, the former Jimmie Annette French, also of Casper; W. H. Huffman, of St. Paul; Mr. and Mrs. W. L. Holgren, Minneapolis; Mr. and Mrs. William LaBelle and Eleanor LaBelle, of Flint, and Alfred Swanson, Jr., of Garden.

Plants which are sources of food for wildfowl and thus are worth planting include smartweeds, wild duck millet, chufas, wild onion, grass, wild celery, wild rice, bulrushes, arrow-leaf, spike-rush.

## Health Board In Policy Meeting

The health board of the Delta-Menominee health department met Tuesday evening at Pinecrest sanatorium, Powers, to establish a policy on working hours, vacations, sick leave, reimbursement of travel expense for employees, and other matters connected with the operations of the department under the two-county merger. The consolidation was affected July 1.

Supervisors Walter Mannette of Rock, Albert Buckman of Gladstone and Victor Nelson of Escanaba are Delta county members of the health board. Menominee county is represented by Supervisors Albert Kipfer, Otto Eickmeyer and E. K. Converse. Attending Tuesday night's meeting from the health department were Dr. William Harrison, director; L. J. Griffith, senior sanitarian; and O. E. McGuire, acting director in the Upper Peninsula for the state health department.

There was brief discussion of the federal fund included in the Delta-Menominee health department budget, which totals \$14,000. Because of the uncertainty concerning federal participation there is the possibility that only \$7,000 will be available and that an additional \$7,000 may have to be sought from other sources.

## Ensign

### Housewarming

Ensign, Mich.—Mr. and Mrs. Ewald Kallerson were guests of honor at a "housewarming" party held for them Sunday afternoon at the Ogontz Hall. A large group of friends and relatives from Ensign and Gladstone attended, and Mr. and Mrs. Kallerson were the recipients of many useful gifts and a purse of money in remembrance of the occasion. Mrs. H. F. Gustafson and Mrs. Andrew Olson were the hostesses.

Mr. and Mrs. Henry Tamms returned to Milwaukee Sunday after visiting the past two weeks at the Dave Constantino home.

Mrs. Adolph Lundberg left Sunday evening for Rochester, Minnesota, to consult doctors at the clinic there.

Mr. and Mrs. Larry Barber of Chatham were guests at the Earl Kaiser home Sunday evening.

## Rapid River

Mrs. Rose Groleau, Blanch Groleau, Donald Rudd and Arni Karasti of Menominee came Sunday to Escanaba to attend the Catholic Field Mass. After Mass they came to Rapid River where they visited at the Emma Groleau home and the August Karasti home.

Janet Groleau of Menominee who has been visiting at the August Karasti home for two weeks went to Eben to visit her grandmother Karasti for a few days. She returned to her home Friday.

Mr. and Mrs. Norman Winde and children left Thursday for their home in Seaford, Delaware after a two weeks stay here, while here they took in the three days of the roleo in Gladstone. Donald Pfeifer accompanied them and will visit there for several weeks.

Fredolph Olson of Bay City spent the 4th week end at his home, Miriam Olson of Detroit arrived with him but will remain to spend her vacation with her parents. Fredolph returned Sunday accompanied by Edith May Johnson who went to Saginaw where she is employed.

Saturday July 5 Mr. and Mrs. Herbert Olson, Fredolph and Miriam and Paul Erickson motored to Negaunee and Michigamme where they visited relatives.

Walter Lapusewski and daughter Caroline arrived to spend the summer at the home of his father-in-law, John Waldo, in Ensign. Mrs. Lapusewski will join him soon to spend the summer at her parental home.

# NEW ATLAS TIRES

## at Standard Oil Dealers!

**Better than prewar quality...7-way improvement makes them safer, longer-lasting...Backed by liberal warranty**

**Better road grip**—because of extra anti-skid edges provided by new tread design.

**Greater driving safety**—because wider tread puts more non-skid surface into contact with road.

**Increased blow-out protection**—because of air-cooled ventilation of tread channels and buttress wells and because of stronger cord construction.

**Longer tire life**—because flatter tread puts more rubber into contact with road—newer, tougher, longer-lasting rubber.

**Protection against curb bruises and chafing**—because of great strength of rugged buttress construction in heavy shoulders.

**Still more protection against curb hurts**—because of wide buffing ring.

**Extra cool-running miles**—because of new, stronger cord construction.

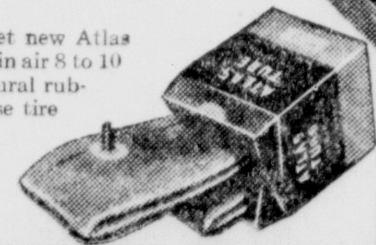

**Backed by Standard Oil Warranty**, one of most liberal in tire industry...Unique feature provides immediate adjustment at 38,000 service station dealers' throughout the United States and Canada...Service any time, any place. Standard Oil Company.

Ask your Standard Oil Dealer about his

### NEW LOW POSTWAR PRICES

and liberal trade-in allowance on the unused mileage in your old tires. Pay as you go—or use your Standard Oil Credit Card.

With new Atlas Tires get new Atlas Butyl Tubes. They retain air 8 to 10 times longer than natural rubber tubes...increase tire tread life by keeping inflation at proper pressures.

### Costly Settlement

THE American public cheered when the labor situation in the coal industry was settled without another devastating strike, but the probable cost of that settlement is just beginning to clarify. Coal prices are already jumping alarmingly in many parts of the country, as high as \$1.75 per ton although the actual cost of coal production under the new contract obviously does not justify such an inflationary increase. Steel prices likewise are due for a sharp boost, which may be as much as \$5 a ton, only a small portion of which can be directly attributed to higher coal prices.

In an effort to ward off the inflationary aspects of the price increases predicted upon higher coal production costs, President Truman has appealed directly to the coal and steel industries to withhold price boosts until more reliable information is available upon which to determine actual cost increases. It is unlikely that the president's plea will fall upon sympathetic ears, however, as there is growing evidence that the steel industry bowed to John L. Lewis' extravagant demands in order to provide an excuse for a more than proportionate increase in the price of steel.

The most important commodity in American industry is coal and the next most important is steel. Sharp increases in the cost of these two items are bound to be reflected in higher living costs all along the line—in electric power generated from coal, in railroad transportation, in virtually all kinds of industrial production.

And if that is not enough to depress the American public wrestling with excessive living costs, there still remains the danger, in fact the probability, that other segments of organized labor will rush in for another round of wage boosts which, if granted, will further skyrocket the prices of many essential living commodities.

The increased wage allowances granted to the nation's coal miners, like virtually all wage boosts of recent years, are not based upon increased efficiency or higher production. On the contrary, coal production will very likely decrease since the miners now will work one hour less per day. That is the tragedy of the numerous wage increases of recent years and explains why prices have risen. Prices always go up faster than wages in an inflationary spiral, as the \$1.75 per ton increase in coal and the \$5 per ton boost in steel so indubitably prove.

### Seek Rate Increase

NOT wholly unexpected was the announcement by the Michigan Bell Telephone company that it would ask the Michigan Public Service commission for permission to make an upward revision of its telephone service rates.

Even before the recent strike there were hints that the telephone company was considering the possibility of rate increases to offset steadily rising operating costs. Since the strike settlement, these costs have increased with the granting of additional pay to employees.

The Michigan Bell Telephone company has always subscribed to the generally accepted theory that it is better to make profits by increasing efficiency and expanding consumer use of its services so as to reduce unit costs. In pursuing this policy, it has not increased telephone rates in 21 years, but rather has made some reductions during the period from 1926 to 1937.

The company now contends that operating costs have increased so drastically in recent years that it is reluctantly forced to ask permission to charge higher rates. It will be the responsibility of the accounting and utility experts of the Michigan Public Service commission to determine whether the company's rate demands are justified. A just decision cannot be reached until a careful study has been made of the company's books by authorities in this utility field.

### Used Car Market Sags

REPORTS from many automobile dealers throughout the country indicate that the runaway market in used automobiles is finally about to be slowed down. From New York to California, sale prices of second hand autos dropped sharply following a brisk pre-Fourth of July business.

Nevertheless, a careful analysis of the price situation in used cars offers small reason to cheer. The June business in used cars was terrific. Many six and seven year old models sold far above their original new car price. So even with a drop in prices, the used car market still is in the stratosphere. Continued strong demand, however, is anticipated through the summer but a sharp decline is regarded as almost a certainty in the fall, as public interest in motoring wanes. Past boom sales

will have pretty well soaked up the unusual demand by that time, together with continued production of new cars.

Present quotations for used cars still are too high, but some semblance of a return to normalcy is anticipated in the last quarter of the year. There's that much hope, at least, for motorists who are anxious to improve their transportation facilities.

## Other Editorial Comments

### A PLAGUE OF CARNIVALS

(Ironwood Globe)

A plague of carnivals is infesting the range to a greater extent this year than for some years past and it will continue as long as local governments permit.

This community has just seen the departure of one of these outfits and another is reported following close on its heels.

During the visit of the last carnival, the Ironwood police were kept busy, first with watching to see that the more flagrant gambling rackets were not permitted to operate and second with general police work. A woman was arrested and fined for violating state food handling laws in using unsanitary equipment. A man was arrested for theft of a watch from a local resident, another for disorderly conduct of an indecent nature on Aurora street. Others were arrested in Hurley.

Past experiences of range communities have been along the same lines, and worse, and there is no assurance that the future will not bring even more heinous crimes. In the past there have been cases of thefts, disorderly conduct, contributing to delinquency of minors, assaults and attempted rapes.

There is no question that carnivals are accompanied by racketeers and outright criminals. Carnival managements disclaim responsibility for these lawless elements, but the fact remains that they come and go with the carnivals.

As for the gambling rackets which are a part of virtually every carnival, a carnival representative told The Daily Globe not long ago that they do not operate without a payoff.

This carnival man told The Daily Globe that it used to be his job to arrange the "fix" for the rackets. In arranging the "fix," he would approach whoever appeared to be the principal authority in a community, the mayor, the prosecutor, chief of police, or political boss, would inquire the price for "protection" and, if it was not too steep, would make the payment. In one New Jersey community, he said, the "fix" was \$2,000 for the district attorney and \$600 apiece for each of three detectives assigned to the carnival lot.

Once the political "fix" is made, the games operate, and they, too, are "fixed." The Daily Globe's informant was candid about that, saying he would like to accompany a representative of this newspaper on a tour of a carnival that was running wide open and let him lose a couple of hundred dollars while being shown how the crooked games operate, and then get his money back for him.

The reason for all this frankness was the carnival man's contention, to be taken for what it's worth, that most carnivals actually don't want the rackets, but carry them as a means of financing the political graft they are called on to pay in communities where the authorities tolerate gambling. He was emphatic on one point—that rackets don't operate unless somebody has been paid off. It may not be any more than a cigar and a few drinks of whiskey, or a pocketful of passes, or it may run to several hundreds or thousands of dollars. Whatever the consideration, it is graft.

The "grifters" those who operate the crooked games, have nothing but contempt for the customers, whom they refer to as "suckers." Not satisfied with relying on the "suckers' gullibility, they employ come-on men, known as "sticks," who circulate in the crowd and, when business gets dull, lure the suckers by stepping up to the game and seeming to carry off the more valuable articles displayed as bait. The "sucker" seldom, if ever, is permitted to win anything of real value.

Profitable as the cheap merchandise and novelty games are, the racketeers like nothing better than to spot a "live" sucker with a pocketful of money and a streak of larceny in his heart—looking for something for nothing—and then get him into a cash game where he can be built up for a "killing."

A boost in barber prices makes the face of the customer longer, which in turn calls for a new price boost—a vicious circle if ever we saw one.

A professional rainmaker in the prairie states has passed away after an illness of a year in which Nature generously carried on.

## Take My Word For It

## World Events Analyzed

BY MARQUIS CHILDS

Washington.—One day last week, a three-bank banner headline in the New York Sun said: "Atom bomb secrets stolen from plant at Oak Ridge by agents not yet identified." It was as big a headline as

Childs

was carried at the time of the atom bombing of Hiroshima.

The story was promptly denied by the Federal Bureau of Investigation, by Senator Hickenlooper, chairman of the joint senate and house atomic energy committee, and by the atomic energy commission. They said the story was untrue in the particular charge and in detail.

Examining the origin of the story and its consequences, I have talked with members of the Senate-House committee, members of the atomic energy commission and officials charged with security and investigation. The facts are summarized in this and a following column.

The documents in question were removed from the atomic laboratory at Los Alamos, New Mexico, by two army sergeants in March, 1946. That was while the army was responsible for secrecy and security. It was not until Jan. 1, 1947, that the new civilian commission assumed control and began to be responsible for security.

### —ARMY WASN'T HELPFUL—

Under the law, responsibility for investigation of security and secrecy was delegated to J. Edgar Hoover, head of the FBI. The commission asked Hoover to tighten security regulations.

His job was made more difficult by the fact that Maj. Gen. Leslie R. Groves, who was head of the project for the army, was not helpful in the transition stage. Until almost the end of army control, FBI agents were not permitted to visit areas in Oak Ridge unless accompanied by military guard.

In the course of tightening security regulations, Hoover's men discovered the thefts that had occurred under army control. The atomic energy commission requested a thorough investigation by the FBI.

The theft was traced to the two former sergeants. They were questioned at great length. The documents were recovered and restored to secret files. The FBI was convinced that the two men wanted the documents to be able to boast years later of the vital part they had played in the atomic project. There was no evidence that they had been in contact with agents seeking secret information about the bomb.

The investigation was completed on June 9 and the file sent to Attorney General Tom C. Clark, with a recommendation that the former sergeants be prosecuted. After consulting with Hoover about the progress of the investigation, Chairman Lilienthal of the atomic commission informed the joint congressional committee on atomic energy in closed session of what had been learned.

### TRACED TO VAN ZANDT—

While they will not say it publicly, certain members of the congressional committee trace the lead to the Sun to Representative James E. Van Zandt of Pennsylvania. Van Zandt denies that he disclosed what he had learned at the secret session to anyone. He says he agrees with Chairman Hickenlooper's denial of the Sun story.

In an interview shortly after the Sun story was published, Van Zandt did disclose that among the documents taken from Los Alamos were photographic negatives. This greatly disturbed the FBI, because it would immediately stimulate foreign agents to search for such negatives.

One of the curious things about the Sun story is that parts of it closely paralleled an article sold to Liberty magazine by Representative J. Parnell Thomas, head of the House Un-American Activities Committee. Some members of Congress link Thomas to the sensational Sun story.

No top official connected with atomic energy was asked about the accuracy of the Sun story prior to its publication. Less than half an hour before it was to appear, the information office of the atomic energy commission was asked if the commission had any comment. Before any reply could be given, another New York newspaper had telephoned to ask about the Sun story, which was then on the street.

No warrant had at that time been issued for the arrest of the two sergeants, who were still at liberty pending a final decision by the attorney general. Although they have since been taken into custody, the disclosure's effect at the time was to make the FBI's problem doubly difficult. But that is not the only consequence to come out of this strange development in the brief but troubled history of the attempt to control the power that is greater than any other power man has known.

deed, but it has only a fraction of the area of "all the states." Better say: Texas is the largest state in the Union.

"I shouldn't be surprised if she wasn't there." No. This sentence contains a double negative, which reverses the meaning intended. Better say: I shouldn't be surprised if she was there.

Wrong: "I shouldn't wonder if he won't be elected." If we doubt that he will be elected, the sentence is wrong. Better say: I shouldn't wonder if he was to be elected.

Wrong: "It won't surprise me if it didn't have rain." If we expect rain, the sentence is incorrect. Better say: It will not surprise me if we have rain.

American English is spoken by more people than speak any other language. My 3,000-word HISTORY OF THE AMERICAN LANGUAGE will make you proud that you speak American. For a free copy, send a stamped, self-addressed envelope to Frank Colby, in care of this paper.

## Not Much Choice for a Cripple

## Good Morning!

By The Bugler

**TAX STUDIES**—It is somehow typical of our times that Gov. Kelly will create a tax study committee to "seek a full-scale solution of the state's financial and tax difficulties."

The study will be made and its recommendations presented to the next session of the state legislature, apparently with the hope that the legislature will do something about it.

You will recall that former Gov. Kelly also appointed a tax study group and that it met several times and came up with specific recommendations for changes in the tax structure.

So far as we know there still exists in Lansing (or somewhere) a lot of carefully prepared data that has been gathering moss for several years.

There is value in all studies made to determine why tax structures are wobbly, weak, top-heavy or just plain no good. At the same time there is little value in making any study when nothing is done to correct the faults discovered.

**AT ALL LEVELS**—Studies to determine faults in the tax structure should not be confined to the state level. If they are the result will be like studying one portion of a picture without viewing the entire painting. You will be familiar with details in one section but lack understanding of its correlation with the whole.

What Michigan needs is a tax study group that will consider all units of government levying or receiving tax monies for their support. This includes the townships, villages, cities, counties, schools, and the state. For taxes are an interrelated thing, woven into and through the fabric of all units of government.

**HOW IT WORKS**—If it were not for the sales tax redistribution that took sales tax money from the state and gave it to the schools and the townships and the cities we doubt very much that the governor would be concerned over a study of tax structures. Although there were plenty of inequities before the people voted to redistribute the sales tax.

But the redistribution of the sales tax does give you some idea of the interrelation of tax sources to all units of government.

The sales tax amendment gave the school districts of Michigan more money than they have ever had before. It also gave the townships money that they did not need and some of them do not need.

But it took from the state revenues it had become accustomed to and made it necessary for the legislature to do considerable head scratching to come out with only a \$10,000,000 deficit.

Because the townships are receiving revenues beyond their needs the majority are not levying a local tax for township purposes. The school districts in receiving sales tax money were in a position to increase their budgets and pay larger teachers' salaries—but county allocation commissions in the majority reduced the millage and thereby the local tax revenue received by the schools.

All of this is presented only to show that when you tinker with one facet of the tax jewel you are likely to throw them all out of kilter. Redistribution of the sales tax to provide higher salaries for

## INTO THE PAST

Ten Years Ago

Lansing.—Governor Murphy and State Treasurer Theodore I. Fry, chairman of the state board of auditors, added their voices today to the group demanding a new state capitol building.

Honolulu.—Sixty planes from the U. S. S. Lexington scanned the lonely South Pacific sea today in a gigantic "last chance" search for some sign of Amelia Earhart and Fred J. Noonan, lost eleven days off tiny Howland Island.

East Lansing.—The first institute of conservation in the country was inaugurated today at Michigan State college with the appointment of L. Roy Schoenmann of Ann Arbor as director.

Almost 100 persons are expected to attend the 23rd annual convention of the Michigan Association of Registers of Deeds which opens in this city Thursday morning.

### Twenty Years Ago

Saginaw, Mich.—The bobbed-haired young woman who attempted late yesterday to hold up the Peoples Saving Bank here but was frustrated by the timely action of E. E. Speckhart, the paying teller, has been identified as Thelma Chrisler, 23, an employee of an Osowow factory until two weeks ago.

Rapid City, S. D.—A trip through Yellowstone National Park is under consideration at the summer White House but if President Coolidge decides to go into northwestern Wyoming, it promises to be his only journey outside the Black Hills.

Winchester.—Absolute prohibition will be a "long slow fight" but the country will eventually be dried up, prohibition administrators in conference here were told today by Assistant Secretary Lowman, in charge of enforcement.

teachers—or any other major tax change for any other purpose—affects the whole tax structure from top to bottom.

**UP FROM POVERTY**—In government financing there is a definite pendulum swing from one extreme to another. This applies to local as well as state and federal government.

With the depression and the New Deal the federal government with the concurrence of a majority of the people went off on a binge of deficit spending from which it will not recover for many years. Michigan has had its ups and downs and is currently budgeting some ten million dollars over its revenues.

Coming closer home, Delta county has an accumulated deficit of some \$30,000 and will be about \$22,000 short on its next year's budget. Before the 15-million tax limit passed in 1932 it taxed as much as it needed and there were no deficits and few economies.

Unlike the county, however, the financial story of the townships since 1932 is one of from rags to riches. The state legislature, predominantly rural, saw to that. It gave the townships slices of the liquor tax and intangibles tax—and now they will get generous amounts from the sales tax.

**IT WOULD TAKE COURAGE**—Some day there will be a man—perhaps a governor—who will ask for more than a study of the tax structure. That man will ask for study seeking the elimination of unnecessary governmental units and services.

This elimination of units and services might very well start with the consolidation of townships and counties—so far as geographical lines are concerned. In this day of rapid transportation both townships and counties could be larger

## Q&A Service

By WS Bureau

**What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and (IMPORTANT) mail this coupon and a 3-cent stamped, self-addressed envelope to Daily Press Service Bureau, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone; write as directed.**

Q. Is it true that the U. S. will soon resume trade relations with Japan?

A. What are the racing colors of Calumet Farm?

A. Devil's red, blue collar, blue hoops on sleeves, and blue cap.

Q. Are former members of the WAAC entitled to any benefits as are other veterans of World War II?

A. They are not, since they never were a part of the Army. If they were discharged for a service-connected disability, they are eligible for the honorable discharge emblem, mustering-out pay, disability compensation and medical care.

Q. May a Civil Service employee who also is a veteran, be laid off for "cause"?

A. A Federal Civil Service employee may be dismissed for cause at any time. In most cases the employee has the right to appeal his dismissal, but should consult the personnel officer of his agency concerning his right to make such appeal.

Q. What did Charles Evans Hughes, former Chief Justice of the Supreme Court of the U. S. say about "courts of the poor"?

A. "The Supreme Court of the United States and the courts of appeal will take care of themselves. Look after the courts of the poor, who stand most in need of justice. The security of the Republic will be found in the treatment of the poor and ignorant; in indifference to their misery and helplessness lies disaster."

Q. Do persons who squint see double?

A. Yes. However, practice gives them the power of attending to the sensation of only one eye at a time.

Q. Why do dust and cobwebs collect on furniture?

A. Because of the positive charges in the furniture and the negative charges in the dust.

### COLD DISHES, DRINKS, DESSERTS

A 24-page booklet of recipes for tasty dishes for hot weather—ice creams, ices, sherbets, frappes—and cold drinks; also Salads and Salad dressings, a \$4,000 word bulletin with nearly a hundred recipes for salads and salad dressings to please every palate, now available. To obtain both copies, clip this announcement and mail with 10 cents to cover postage and handling costs to the Daily Press Service Bureau, 1217 Thirteenth St., N. W., Washington 5, D. C. Write your name and address plainly.

in area without detriment to the persons who reside therein. Millions of dollars would be saved in operating costs—millions that might better be spent for extending services now limited because of the high overhead cost of operating multiple governmental units. The merging of school districts, such as those in Bark River (Delta county) and Harris (Menominee county) shows that such consolidations are not impossible.

—Clint Dunathan.

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—Republican leaders hushed it up, but seldom has so much oratorical vitriol been poured forth in a session of the G. O. P. policy committee as was heaped on the head of fellow-Republican Senator Bill Langer of North Dakota last week for snafuing the probe of the Kansas City vote scandal.

The two Republican senators from Missouri were especially vitriolic. Bricker of Ohio ranted and raved. But all they succeeded in doing was to make the tempestuous, cigar-chewing North Dakotan madder than usual.

Langer, one of the most independent voters in the senate, never hesitates to thumb his nose at the Republican leaders who once tried to prevent him from taking his senate seat. Once prosecuted by the Justice Department on a political charge when he was governor of North Dakota, Langer contends that a lot of unfair politics can creep into a vote investigation. He even states in his self-penned biographical sketch that he is the "only person ever to be arrested in an English-speaking country for filing an affidavit of prejudice against a judge."

Langer now controls the deciding vote on the Senate Judiciary Committee, and G. O. P. Senators Donnell and Kem of Missouri demanded to know if he intended to support Democratic efforts to block the Kansas City probe.

If so, they threatened to discharge the Judiciary Committee and set up a special committee to conduct the investigation.

"Well, I'm damned if I'm going to change my position," shouted the North Dakotan angrily. "I don't care what you do."

At this, Bricker jumped into the fray with a lecture on party "regularity."

"This is one of the best campaign issues we've got," he declared. "Kansas City is more important to us than flood control, soil conservation or almost anything before Congress. You should see the way papers in Ohio eat up the news about Kansas City."

The Democrats should be made to answer for the "crooked politicians" of the Pendergast machine, Bricker continued, adding that he would join the fight for a special committee if the judiciary committee failed to do the job.

Everybody at the secret caucus agreed with Bricker's political strategy—except Langer. The North Dakotan, who never hesitates to vote as he pleases, sat champing at his cigar with an expression on his face that plainly told his G. O. P. colleagues to go jump in the lake.

### —MICHIGAN VANDENBERG—

Burly Sen. Arthur Vandenberg has been accused of neglecting his State of Michigan to devote full attention to the problems of the nation. But he won't let anyone belittle Michigan and get away with it—not as long as he is presiding over the senate. When Republican William Langer of North Dakota referred to Pontiac, Mich., as "another little town" the other day, Vandenberg cut him short.

"A point of order," boomed Vandenberg. "What does the senator mean by 'another little town'?"

### —TRUMAN'S WISERACKS—

Harry Truman is getting to be almost as much of a wise-cracker as Franklin Roosevelt when it comes to receiving visitors at the White House. He let loose quite a line when Democratic leaders from six southern states called on him recently.

White House attaches privately were expecting "rebel yells" from the southern politicians as a result of the labor and tax-bill vetoes. However, Texas' expansive Myron G. Blacklock broke the ice by plunking down a \$50,000 check as the Texas contribution to the Democratic National Committee. After that, everything was plain sailing. Oklahoma's Gov. Bob Kerr followed with a donation of \$26,000.

"That," commented Truman, "ought to keep the National Committee going for a few days now."

The southern leaders all urged the president to get on the back end of a campaign train and make a political swing through the south, speaking from the rear platform at every sizable stop. Blacklock was particularly eager to have the president come to Texas.

"You know, Myron," replied the president, "I was down in Mexico recently for the 100th anniversary of the Mexican war. When I got back to the states, Texas urged me to attend the 100th anniversary of their liberation from Mexico."

Earlier, Democratic party executive Director Gael Sullivan had remarked that Kentucky's national committeeman, Under Secretary of Labor Keen Johnson, was "full of mellow wisdom."

"As long as that mellow wisdom is made from good Missouri corn," shot back the president, "that's all right."

The president also said he hoped Johnson wasn't too full of it.

Best Truman gag of the conference came in reply to National Committeeman Henry Seriver of Louisiana, who promised the president a big reception if he visited the south.

We are fast becoming a "have not" nation with respect to many important minerals. We are short of some basic materials essential to an economy of full production and employment. We are faced with the danger of a shortage of petroleum products.—President Truman.

When friends advise you how to cure a sore throat, take it with a grain of salt. The salt may do the trick.

Some auto speeders don't wake up even after they're pinched.

## Mrs. Geloneck Dies In Detroit After Illness Of 2 Years

Mrs. Marvin Geloneck, formerly Geraldine Walker of Escanaba, passed away yesterday afternoon at 1:45 at her home in Detroit. Mrs. Geloneck had been ill for the past two years.

Survivors include her husband and two children, Richard, 7, and Thomas, 3; her mother, Mrs. Isabelle Walker of 1013 Second avenue north, Escanaba; a brother, Kenneth of Milwaukee and a sister, Vivian of Escanaba.

The body is being shipped to Escanaba and funeral arrangements will be completed at the Anderson funeral home.

## Nahma

### Birth

Nahma, Mich.—Mr. and Mrs. Lawrence Groleau are the parents of a daughter, born at the family home on July 8. The baby weighed six and one half pounds at birth and has been named Diane Marie. Mrs. Groleau is the former Lila Symonds, daughter of Mr. and Mrs. Henry Symonds of Perkins.

### Birthday Party

Mrs. William Schafer celebrated her birthday at a party last Wednesday at the Nahma cabins on Stony Point. Those at the party were: Mrs. William Rogers, Mrs. George Blowers, Mrs. Joe Pilon, Mrs. James Krutina, Mrs. Jake Todish and Mrs. Schafer. Lunch was served at the close of the evening.

### Personals

Katherine and Jean Beauchamp of Escanaba visited last week with their grandparents, Mr. and Mrs. Joe Schafer.

Mr. Lloyd LaBonte, Arline and Roland of Milwaukee arrived on Saturday to visit for a few days with Mr. and Mrs. William Schafer.

Mrs. Duncan Guest, of Detroit visited from Wednesday to Saturday of last week at the Clyde Tobin home.

Mr. and Mrs. Ed Slinger, Mr. and Mrs. Charles Harris and Mr. and Mrs. William Lindquist of Detroit are vacationing at the Nahma cabins. Mrs. Slinger is a sister of Mrs. Adrian Hebert and Mrs. Frank Seifick.

Dr. and Mrs. Ed Hinn and sons, Raymond, Ronald and David of Escanaba spent last Thursday at the George Miller home. The Hinn's are camping at Sac Bay.

Guests of Mr. and Mrs. George Miller last Friday were: Mr. and Mrs. Norman Tweedy and daughter Kathy of Berkeley, Calif., Mr. Oscar Gidlund, Mrs. Alec Cathcart and Suzanne, and Mr. and Mrs. George Kjellberg all of Escanaba, and Rev. and Mrs. Glen Kjellberg and Nancy and David of Gladstone.

Mr. and Mrs. Jack Watson and family and Mrs. John Novak of Detroit spent Saturday at the George Miller home.

Mr. and Mrs. William Cunningham and family of Detroit visited with Mr. and Mrs. John Schwartz.

## Paul Bunyan Cook Camp Is Opened

Newberry—A unique restaurant idea which originated ten years ago in Newberry amongst Jack "Paul Bunyan" Mahar, Jesse Barrett, Dr. E. H. Campbell, John Turnbull, Captain Joe Beach of the Tahquamenon Boat Service, Robert Hunter, Judge John Quinlan, the late Dr. F. P. Bohn and A. L. Sayles, also George Abbott of Grand Rapids, Michigan, came to a climax on Tuesday, July 15, 1947 when open house was held in the afternoon and evening. It has been named the Paul Bunyan Cook Camp, is operated by Mr. and Mrs. Jack Mahar and located on south Newberry avenue, Newberry. Jovial Jack who claims to be a distant relative of the famous Paul Bunyan will specialize in camp style meals seven days a week and will also bake the pastries.

The Paul Bunyan Cook Camp is designed from the first camp that Mr. Mahar cooked in, in 1917 at Fort Bliss, Texas, during World War I. The blueprints were drawn by William Kronquist of Newberry.

The Norway and white pine building has a 24x60 foot dining room which seats 200 persons. The lumber was cut in Luce County, is oiled and varnished in natural finish. The interior is unfinished to provide a rustic appearance. Red wagon wheels trimmed in black are suspended from the rafters with small electric bulbs circling the rim. The mess style tables and benches are placed to the south side of the room and the rustic type tables and benches on the north, which are covered with bakelite tops. The rustic furniture was manufactured by the Pioneer Rustic Furniture Company of Engadine, Mich. A slate slab is used as a menu which is hung on the wall near the kitchen. The drapes are of red plaid. A Paul Bunyan tooth is mounted on a plaque and hung on the north wall and on the opposite wall a sea coconut plaque.

Jr. last Thursday.

Mr. and Mrs. Floyd Belongie and daughter of Gladstone spent several days last week visiting with relatives here.

Staff Sgt. and Mrs. Paul Tienert and daughter of Columbus, Ga. visited at the Belongie home last Saturday.

Mr. and Mrs. Vital Hebert, Arline and Sharon left Saturday evening for Camp Red Buck where Mr. and Mrs. Hebert will cook for the next three weeks.

Nancy Carstenson of Cicero, Ill. has been visiting at the home of her grandparents, Mr. and Mrs. Henry Hebert. Mrs. Carstenson and children arrived on Saturday to visit here.

Miss Jeanne Thibault arrived on Friday from Milwaukee to visit at her parental home.

## HEARTBURN

No laxative. Bell's Tablets bring comfort in a jiffy or return bottle to us for double money back. 25c BELL-ANS for Acid Indigestion 25c

## Briefly Told

**Elks Meet Tonight**—A regular meeting of Escanaba lodge 354, B. P. O. Elks, will be held tonight at 8 o'clock. A buffet lunch will follow the business session. This will be the only meeting in the month of July, and plans will be announced for the annual Elks picnic to be held at Dutch Mill Aug. 20.

Mrs. Mary E. Moore of Hartford Conn., arrived last night to visit Mr. and Mrs. Henry Hathaway at 419 South 17th street. Mr. Hathaway drove to St. Ignace where he met Mrs. Moore to drive her to Escanaba.

## Marquette Leads In Bank Debits; Escanaba Second

Marquette and Escanaba were the leading communities from the standpoint of business activity in the Upper Peninsula during the month of June.

The report on bank debits in the various communities follows:

	June 1947	June 1946
Bessemer .....	\$1,060,000	\$ 860,000
Calumet .....	3,060,000	2,500,000
Crystal Falls .....	1,113,000	1,153,000
Escanaba .....	7,486,000	6,442,000
Hancock .....	3,265,000	3,161,000
Houghton .....	3,307,000	2,731,000
Iron Mountain .....	5,441,000	4,383,000
Iron River, Stambaugh .....	2,594,000	2,241,000
Ironwood .....	4,174,000	3,455,000
Ishteping .....	3,599,000	2,876,000
Lake Linden .....	60,000	551,000
L'Anse .....	1,162,000	1,291,000
Manistique .....	2,350,000	1,846,000
Marquette .....	8,944,000	7,872,000
Menominee .....	5,490,000	4,257,000
Negaunee .....	2,067,000	1,676,000
Norway .....	573,000	494,000
Sault Ste. Marie .....	7,003,000	5,873,000
South Range .....	521,000	392,000

## Ensign

Mr. and Mrs. Emil Groleau returned to Ishpeming Sunday, where he is employed, after visiting with relatives here.

Mr. and Mrs. Clifford Baker left Sunday for their home in Toledo, Ohio, after visiting the past two weeks with the Clete Raymonds at the "Gallagher" Place.

Mrs. Earl Kaiser and son, Freddie, are spending a few days this week visiting friends and relatives at Chatham.

## Edward J. Pepin, Marinette, Dead

Edward J. Pepin, 63, of Marinette, well known Chicago & North Western railway employee, died of a heart attack Monday, following a brief illness. Mr. Pepin was born in Escanaba and had lived in Marinette for the past 50 years. He leaves his wife, Helen, a son, Edward, Jr., of Milwaukee; a daughter, Mrs. W. J. Boggess, of Gardena, Calif., one step-son and three step-daughters. Arrangements for the services are incomplete.

## Phil DeGraff Gets Reserve Commission

Trout Lake—Phil DeGraff, resort operator and commander of the Trout Lake Amvet post has been appointed to the rank of lieutenant commander in the United States Naval Reserve. He received his promotion last week.

DeGraff held the rank of lieutenant during the war, and served aboard the USS Iowa when the famous ship escorted the late President Roosevelt to a Big Three meeting. He served in all major engagements from the Marshall's to the Philippines in the Pacific theatre of war, and attended naval officers school at Miami, later serving at Richmond and Norfolk Naval Stations.

## Axel Ralston, 81, Claimed By Death

Axel Ralston, 81, resident of Escanaba since 1890, died Tuesday morning in Newberry where he had resided since last January.

Axel Ralston was born in Wintrosa, Sweden, July 1, 1866, and came to America as a young man. He had been employed by the Escanaba and Lake Superior Railway as timekeeper.

A member of Bethany Lutheran church and North Star lodge, Mr. Ralston had lived at the Lutheran home in Marinette since 1945. He is survived by a nephew, Gust E. Anderson of Escanaba.

The body is to be shipped here to the Anderson funeral home where it will lie in state Thursday afternoon at 3:30. Funeral services will be conducted Friday afternoon at 2 p. m. in the Anderson funeral home with Rev. Gustav Lund officiating. Burial will be in Lakeview cemetery.

**COWELL BLDG. -- MUNISING -- PHONE 162**

**John Ostanek Killed In Lumber Accident At Traunik Camp**

Munising—John Ostanek, 30, of Traunik, was killed instantly Tuesday at 12:10 p. m. by a tree he was falling while working at the Carlson Lumber camp. The tree, which Frank Bartol was helping him cut, fell and hit another tree which hit Ostanek on the head, killing him instantly. John Ostanek was born April 22, 1917 in Chatham. He is a veteran of World War II and a member of the Slavonian National Benefit society. Survivors are his parents, Mr. and Mrs. John Ostanek of Traunik, two brothers, Joseph and Robert; four sisters, Mrs. George Josephson of Munising; Miss Mary Ostanek of Munising; Mrs. Agnes Janstki of Lansing and Miss Ann Ostanek of Marquette; and one niece and nephew. The body was removed to the Beaulieu funeral home where funeral arrangements will be completed.

**Merchant Seamen Will Get Federal Unemployment Aid**

Munising—Federal reconversion unemployment benefits are now allowed for the first time to former members of the Merchant Marine, Walter C. Meyland, manager of the local MSES office announced yesterday. This program, the manager said, corresponding to the GI Bill of Rights benefits, will be administered by the Michigan Unemployment Commission in this state. To be eligible for benefits, he continued, former seamen must have worked on a vessel operated by the War Shipping Administration in the last two years and must register for work with the Michigan State Employment service. If the merchant seaman has earned wages in jobs covered by the state unemployment insurance law, these wages may be combined with his seaman's earnings in computing benefits, Meyland remarked. The federal government will bear the cost of this program, and no Michigan employer will be charged for the portion of the benefits based on maritime earnings.

**TEN AT CAMP** Munising—A group of ten Munising Girl Scouts are spending the week at the Girl Scout Timber Trail camp. They are: Bonnie Dolan, Jean Curtis, Emily Curtis, Sally Severson, Wanda Kincaid, Jane Baxter, Wini Kee, Pearl Clevin, Lavonne Rutla and Barbara Lindquist. The girls will return Saturday, July 19. A total of 54 Munising girls will attend the camp during the summer session which began July 5 and will end August 16. The next group is scheduled to arrive at the camp on Saturday. George III of England created or revived 254 peerages of the United Kingdom, excluding Ireland. By Navajo Indian tribal law a woman is never permitted to speak to her son-in-law or he to her.

**A. Stebler Names Rotary Committee Members For Year**

Munising—Munising Rotary Club President A. M. Stebler, at a meeting of the club held yesterday announced the appointment of Rotarian G. A. Cowell, as chairman of Club Service for the year and W. Fellowship—Conrad Denman, chairman, C. F. Beaulieu, A. Ale, F. Steen, Ty Taylor. Rotary Information—R. W. Jackson, chairman, G. A. Baldwin, G. B. Baxter. Magazine—George Chaudacoff, chairman. Members appointed to work with Mr. Corey on Community Service will be: Youth—Rev. F. Steen, chairman, H. J. Norton, L. B. Douglas. Rural-Urban—Louis Murkulich, chairman, Vincent Truden. Farm Clubs—H. A. Barton, chairman, C. A. Symon, K. G. Clement. Local History—H. A. Wood, chairman, W. A. Cox, A. M. Stebler, R. W. Jackson, George Cowell. Crippled Children—B. C. Barton, chairman, G. B. Wickstrom. Student Loan—W. J. Niemi, chairman, George Chaudacoff. Traffic Safety—W. Meyland, chairman, W. D. Ward. Hospital—K. G. Clement, chairman. Walter Meyland was named chairman of the Vocational Service with the assistance of a committee as follows: H. R. Johnson, E. O. Erickson, B. C. Barton, H. A. Barton, and W. C. Duffett. Howard Norton will head the committee working with Rotary sponsored Boy Scout Troop 332 with William DeBruyn as scoutmaster. Rev. Frederick Steen will act as institutional representative for the troop and a committee of the following will guide the troops' activities: A. M. Stebler, L. B. Ruggles, G. C. Cowell and G. B. Baxter. Program chairman and committeemen for the year were scheduled as follows: July, Aug. and Sept.—Ty Taylor, chairman, Ted Tunteri, E. Walters; Oct., Nov., Dec.—F. Putvin, chairman, George Johnson, James Tracy; Jan., Feb., Mar.—C. Symon, chairman, W. Ward, J. Clapp; April, May, June—J. Denman, chairman, A. Atkinson, G. S. Baldwin. In addition to his duties as chairman of the Fellowship committee, Conrad Denman will also act as club sergeant-at-arms. International Service will be under the chairmanship of William Duffett, assisted by Benjamin Hankin, R. W. Jackson and George Chaudacoff.

**NEW RESIDENCE** Munising—Chief of Police Urban Trombley and family have moved to 123 East Onota street, where they recently purchased a home. The family had been living on West Onota street.

**Truck Hits Cow** A truck, loaded with cases full of eggs, hit a cow on highway U. S. 2 and 41 near the Fazer home Friday afternoon at 1 o'clock. The truck somersaulted on the pavement and landed on its side. The driver managed to crawl out thru the window without assistance and another occupant also unhurt, was extricated by passing motorists. A stream of broken eggs drenched the young lad while he was held in the seat. The animal, property of Theodore Fazer, suffered a broken leg and had to be butchered.

**Fire Damages Home** Fire, discovered between three and four a. m. Sunday had completely destroyed the furnishings in the living home of the Wayne Fleetwood home in Spalding. Awakened by the intense heat and smoke, Mrs. Fleetwood at once rushed to the bedroom where her four small children were asleep. They were taken to the home of her sister next door. Neighbors responded to the call for assistance and formed a water bucket brigade and with the aid of fire extinguishers, the building itself was saved. The four roomed, one-story house of log construction, with stucco finish, is located on the old highway thru Spalding. Although smoke poured heavily thru the attic window, the fire was under control by the time the Powers-Spalding fire truck arrived at the scene. Damage is in the neighborhood of \$1,000.

**Hurt In Fall** Milford Arnold is in St. Francis hospital, Escanaba, following an accident in which he suffered a fractured shoulder and a broken pelvic bone and other injuries. Arnold was re-roofing a farm home and fell from the roof to the ground.

**Youth Cut by Wire** While playing ball with a group of boys Saturday evening, Dwight, 13-year-old son of Russell Sarcent, sr., tripped and fell into a barbed wire fence. A long deep cut was made in his back which necessitated the use of twelve clamps to properly close. Dr. Clarke of Powers took care of the injured boy at Pinecrest.

**MUNISING BRIEFS**

Miss Meriam Artibee left Monday for Bloomington, Ill., where she will continue her studies at the St. Joseph school of Nursing. She has been spending the summer vacation period here at the home of her parents, Mr. and Mrs. Joseph Artibee. Miss Caryle Steele, county health nurse, will attend a nurse's conference in Escanaba today. Mr. and Mrs. Joseph Cota of Wausau, Wis.; Mr. and Mrs. Nazareth Cota of Schofield, Wis.; and Mrs. Rose Langvin of Detroit are visiting here at the home of Mr. and Mrs. Albert Cota. Walter Corey, who is visiting in Minneapolis, Minn., on business, is expected to return today. David and Joseph Sawasky of Sault Ste. Marie arrived yesterday to spend a few days visiting their aunt and uncle, Mr. and Mrs. Joseph Artibee. Munising—Mr. and Mrs. Henry Strand, 307 West Munising avenue left Tuesday morning for Rochester, Minn., where Mrs. Strand will attend the clinic. Miss Lyola Samm has returned to Rochester, Minn. after visiting Mr. and Mrs. Wallace Masters, 701 West Superior avenue, for a week. Miss Berian Artibee has returned to Bloomington, Ill. to attend St. Joseph's School of Nursing after visiting her parents Mr. and Mrs. Joseph Artibee, 117 Chestnut street.

**Powers**

**Truck Tips Over** Powers, Mich.—A truck from Dismark, Wis., and loaded with heavy long steel girders traveling east on U. S. 2 and 41, got out of control after the load started swaying. The back wheels of the truck were nearly buried in the soft shoulder of the highway when it was pushed there by the impact. The load overturned on the pavement. Traffic was held up until the timber could be unloaded alongside the road. The driver was given a summons for reckless driving by the state police and officers who came to the scene of the accident.

**School Election Results** In the annual school election held today in the Spalding township hall, the following trustees were elected: On the ballot: Wallace Wells, incumbent received 301 votes; Wilfred Poquette, incumbent, received 336 votes; Ed. Berg, 244 votes resulting in the election of Berg and Wells.

**Truck Hits Cow** A truck, loaded with cases full of eggs, hit a cow on highway U. S. 2 and 41 near the Fazer home Friday afternoon at 1 o'clock. The truck somersaulted on the pavement and landed on its side. The driver managed to crawl out thru the window without assistance and another occupant also unhurt, was extricated by passing motorists. A stream of broken eggs drenched the young lad while he was held in the seat. The animal, property of Theodore Fazer, suffered a broken leg and had to be butchered.

**Manistique News**

**Aged Man Rallies From Appendectomy**

Appendectomies are far from uncommon, but the one performed upon Michael Kashanitz, of Bartlett, Ill., last Sunday night rates special mention because the patient is 79 years old and he is weathering the after-effects of the ordeal better than most men many years his junior. Mr. Kashanitz, who along with several other members of his family, is vacationing at the Hovey Resort on Indian Lake, was taken violently ill late Sunday afternoon. Rushed to the Shaw hospital, his case was promptly diagnosed as acute appendicitis and an operation was performed immediately by Drs. Shaw, Fyvie and Brenner. Tuesday his condition was reported as very favorable.

**Obituary**

**ELLA WINKEL** Funeral services will be held Thursday afternoon at 2 o'clock at the Kefauver and Jackson Funeral home for Miss Ella Winkel, for many years a teacher here, who died Tuesday morning. The Rev. Harold Martinson will conduct the rites and burial will be in Fairview cemetery.

**Forty-Year-Old Autos Still Run**

Springfield, Ill., July 14 (P)—If the family car has been exhibiting symptoms of age and you can't get a new one, reflect a moment on this report by the secretary of state: Among 1,598,734 passenger automobiles licensed in Illinois since Jan. 1 were a 40 year-old Buick, a 1908 Stoddard-Dayton, a 1909 Brush and a 1913 Regal. The old timers were licensed for road use, Secretary Edward J. Barrett said—not as collectors' items or museum pieces.

**Shower** Mrs. Oscar Blomquist and Mrs. Einar Gustafson were hostesses at a pink and blue shower given for Mrs. John Blomquist at the Gustafson home on Saturday evening. A social evening of games was enjoyed with prizes being awarded to Mrs. Clarence Irie and Mrs. Harold Carlson. Mrs. Anton Olson received the special award. Lunch was served later. Mrs. Blomquist received many nice gifts.

**Surprise Party** A group of friends of Mrs. Ray Besner gathered at her home on Walnut street on Monday evening, in honor of her birthday anniversary. Three tables of bridge were in play with honors going to Mrs. Victor Schuster and Mrs. William Barker. Tasty refreshments were served after which Mrs. Besner was presented with a gift.

**Birthday Party** Robert, Ann Lambert, daughter of Mr. and Mrs. Clifford Lambert, 216 East Elk street, celebrated her sixth birthday anniversary on Monday afternoon at her home. Games were enjoyed with prizes being awarded to the winners. A tasty birthday lunch was served later from a table which was centered with a birthday cake trimmed in blue. Mrs. William Greer was hostess. Guests at the party were Mr. and Mrs. William Greer and children, Mr. and Mrs. Lambert and children, Mrs. Raymond DeRousha and children, Mrs. Leo Kerridge and children, Mrs. Jess Paltimer and son, Mrs. Helet Davis, Mrs. Sarah Sangraw and daughter, Marilyn, Gary Tuffnell, Glenda Repp, Katherine Evonich, and Benny Davis. Roberta Ann received many nice gifts.

**Minneapolis Paper Uses "Manistique" As Puzzle Theme** The name "Manistique" was presented in last Sunday's puzzle on the feature page of the Minneapolis Tribune. Pictured to form the three syllables of the word is a man dimly outlined in the panel of a door, a mouse on the floor squeaking "issst!" and a woman standing on a sofa hysterically screaming "eek!" Captioned above the picture is the question: "What town in the Upper Peninsula of Michigan does this suggest?"

There are 31,000,000 telephones in the U. S., compared to 21,000,000 for the rest of the world.

**WATER RATE CHANGE VOTED**

**Regulations Will Assure More Adequate Returns To Department**

A new water rate regulation, to become effective on August 1, was passed by the city council at its regular meeting Monday evening. The measure which was submitted to the council by the city manager on May 26, is designed to place the administration of the city water department on a more business-like basis and to remedy one or two features in order to insure a more adequate return for services rendered. Hereafter, all new water patrons will be required to deposit \$5 with the city clerk. When the patron leaves the city the deposit will be refunded. If the client is in arrears, the amount due will be withheld. For those users who do not have meters, a flat rate of \$1 per month will be charged. For those with meters the minimum rate will be 75 cents per month. In both cases water bills are due and payable every four months. These rates apply for domestic use only. The council placed an order for fifty new water meters. Purchases Street Surfacing The council authorized the purchase of two cartons of asphalt for street surfacing and it was announced that the recently acquired road surface distributor has arrived and will be mounted on one of the city trucks. This mechanism is factory reconditioned and was purchased from the Gunderson Manufacturing company of Baraboo, Wis., for \$1,250. A new distributor of the same type sells for \$3,500, the city manager explained. A representative from the factory will be in

the city Friday to acquaint city employees with its operation. The council voted to donate \$100 for dues to the Manistique-Schoolcraft County Chamber of Commerce. The Chamber of Commerce presented a request that a sign be placed at the approach of Oak and Maple streets calling attention to the city's business district, but the council voted to abide by its original plan of having a sign placed on Arbutus avenue where Highway US-2 turns on to Maple street, directing trucks and busses by an arrow pointing northward and indicating also that the business district of the city is straight ahead. The chamber also requested that the council take action to require property owners to cut long grass and weeds on their premises. The council declined to act on the suggestion.

SHIPMENTS OF IRON ORE DROP

Upper Peninsula Mines Produced 8,480,192 Tons Only In '46

Some 8,480,192 tons of iron ore, or slightly more than half the 16,163,104 tons shipped in 1942, were shipped in 1946 from the Gogebic, Marquette and Menominee ranges of the U. P. Some 15,690,987 tons were mined in 1942, in the three districts while in 1946, 8,637,051 tons were mined, according to statistics compiled by the geographical survey division of the Michigan Department of Conservation.

Production from underground and open pit mines reveals a steady decrease since 1942. Ore stockpiles in the U. P. totaled 2,017,036 tons this year, or 391,113 tons on the Gogebic range, 1,108,913 tons on the Marquette area and 517,010 tons on the Menominee range.

Of the 1946 totals, the Globe-Cornell mine, of Iron Mountain, in

the Menominee range, mined and shipped 27,131 tons and the Bradley mine here, 22,826 tons.

Statistics of the Lake Superior Iron Ore association show that from the 15 iron ore mines of the Menominee range, in operation in 1946, 2,634,824 tons were mined and 2,590,499 tons shipped. In seven mines of the Gogebic section 2,546,266 tons were mined and 2,619,349 tons transported, while in the Marquette range 3,455,961 tons were mined and 3,270,344 tons shipped.

**Largest Ore Mines**

Including active mines, only the totals for the three ranges were: In 1943—15,482,611 tons mined, 14,576,819 shipped; 1944—12,699,055 tons mined 13,734,266 tons shipped; 1945—11,760,250 tons mined and 11,834,652 tons shipped. In 1943 there were 45 active mines listed, while in 1946 some 38 were listed as active.

Ore stockpiles totaled 2,017,036 tons in 1947, or 391,113 tons stocked in the Gogebic range; 1,108,913 tons in the Marquette area, and 517,010 tons on the Menominee range.

At its 66th quarterly conference held recently in Cleveland, the Great Lakes regional advisory board was told that between 75 and 80 million tons of ore may be brought down the lakes this season. However, the total will in-

clude not only ore from the U. P. but also from the great Mesabi, Vermillion and Cayuna ranges, in Minnesota—the largest in the world.

Iron county shipments will contribute about 4,000,000 tons, slightly more than last year.

W. J. McGarry, manager of the Cleveland Ore and Coal Exchange, said recently that navigation had a late start this year because of ice jams, but ore consumption is now averaging 6,504,597 tons a month compared with 3,659,303 tons a year ago. Freight car loadings at a record peacetime high in the first five and a half months of 1947, will increase during the next quarter, the conference was told.

Legion To Start Newspaper; Build \$650,000 Hospital

Erection of a \$650,000 hospital and publication of a 100,000 circulation newspaper are major aims of the American Legion in Michigan this year, says Arthur H. Clarke of South Haven, newly-elected state commander.

Since 1922 the Legion has operated a hospital near Battle Creek for the treatment of tuberculosis. It is now planned to modernize and enlarge the institution by replacing the present wooden buildings with a new 400-bed permanent structure.

"Our patient load has steadily increased since World War II and will continue on the up-grade for several years," says Judge Robert R. Wright of Ironwood, chairman of the Legion hospital board. "We will immediately institute a campaign to solicit contributions from all of the 100,000 Legionnaires in Michigan and are confident that we will reach our \$650,000 goal."

In order to finance an official newspaper the Legion has voted to assess each member 50 cents per year. Commander Clarke declares. A monthly publication will be issued and will be mailed directly to all Legionnaires in the 540 posts throughout Michigan.

ARMY ACQUIRES NEW 'COPTER

Carries 10 Passengers Besides Pilot And Co-Pilot

Washington, (SS.)—The U. S. Army has a new helicopter, it is revealed today. It is its largest craft of the helicopter type, and can carry 10 passengers in addition to pilot and co-pilot. It features overlapping rotors.

It is of all-metal construction, a twin-engine affair, with two sets of rotors placed relatively close together and lifting blades that overlap as they turn, somewhat like the blades of the ordinary household egg-beater. This arrangement eliminates the need for a separate rotor at the tail to counteract torque or any tendency to get off its forward course.

The new helicopter, to be known in military circles as the XR-10 is a product of Kellett Aircraft Corporation, North Wales, Pa. Flying tests have already been completed. It has a maximum forward speed of over 100 miles an hour, and a range of 350 miles at a cruising speed of 90 miles an hour.

While the best known helicopters are one-engine craft with limited passenger capacity, there are other twin-rotor helicopters. One is a Navy craft, built by the P-V Engineering Forum, Inc., Philadelphia. This is an elongated craft, resembling somewhat a suspended rowboat, with rotors at the front and rear ends. It carries a total of 12 persons, including pilot and assistant. Another has its rotors well-separated, being mounted at the ends of arms that extend from the fuselage to the right and to the left.

**Pfc. Albert Taylor Still In Japan**

With the Eighth Army in Kyoto, Japan—Private First Class Albert E. Taylor, son of Mr. and Mrs. Albert Taylor, of 207 North 12th street, Escanaba, Michigan, upon arrival in Japan was assigned to the 58th Signal Battalion, in Kyoto, Japan, as a teletype operator.

Members of the 58th Signal Battalion are engaged in maintenance and care of all communication system and equipment in the Kyoto area, in addition to carrying on other military duties as soldiers of the occupation.

Quartered in one of the most ornate billets in Japan, personnel assigned to this unit can boast of literally "dwelling in marble halls." Prior to the war the building was one of the most exclusive of museums of modern art in Japan.

Pfc. Taylor enlisted in the army on July 9, 1946, at Fort Sheridan, Illinois, and after completing Signal Corps training at Ft. Dix, New Jersey, was shipped overseas. Prior to his entry into the service he graduated from Escanaba high school.

## RURAL SCHOOL ELECTIONS HELD

### Contests Occur In Two Townships Monday

School elections in the various Schoolcraft county township school districts, held Monday, were quiet affairs with the exception of those at Mueller and Schoolcraft townships where in each case there were three candidates for two offices.

In Mueller township the voting was heavy for an election of this sort. Leon Carroll, incumbent, led the field with 67 votes. Clara Tenyson, also elected, received 52 votes and Charles Blanchard third, with 42.

In Mueller township, Charles Jenerow received 25; Floyd Orr, 29 to win the two places open. Charles Kleist received 18 votes. In the other townships, the candidates filing were elected without opposition. They are:

Doyle—Wesley Buzzo and William Rice.

Hiawatha—Russell Tennant and Reuben L. Byers.

Gormack—Dora Laurence and Walter Burns.

Seney—Pearl Smith and Earl Sadler.

Thompson—Hiram M. Squires.

There were no filings in Inwood township.

## Instructor In English Hired For School Here

Miss Helen G. Munn, of Rapid River, has been engaged as instructor in English at Manistique high school, according to announcement by Supt. A. F. Hall.

Miss Munn is a graduate of Escanaba high school and received her teacher's degree from the Northern Michigan State College of Education at Marquette.

For two years she was instructor in Rapid River high school and has served as private tutor in New York.

## Chamber Of Commerce Gives An Account Of Year's Accomplishments

Something in the nature of an account of what the Manistique-Schoolcraft Chamber of Commerce has accomplished in the course of the past year has been submitted by Leonard Mulhaupt, secretary, in anticipation of the membership drive which begins today.

**Civic Promotions**

Buck Contest last fall—Numerous letters congratulating C of C on promotion and stating that they will return next year.

Color Cruise last fall—Dinner at Methodist church and trip to Big Spring.

Schoolcraft County Potato Show.

Sent Miss Joan Weber to U. P. State Fair representing Manistique as it's queen.

Sponsored tourist clinic which consisted of four meetings with specialists from Michigan State college participating. These meetings were held to assist resort and cabin owners, hotels and restaurants.

Sponsored Christmas decoration contest.

Sponsored first Fourth of July celebration in 10 years. One of most successful in Manistique's history.

**Projects**

Conducted survey regarding parking meters.

Conducted survey regarding closing hours.

City beautification—Waste containers placed in strategic points. Project still in infancy.

Development of swimming pool endorsed by board of directors at its last meeting. Matter to be taken up with civic groups and the city council in the near future.

Initial steps have been taken toward promotion of Credit Rating Bureau.

Hospital project.

Building projects—C of C assisted in approval for Walter Linderoth who is building 16 homes; for Paul Wehner who has built modern carpenter shop with four apartments upstairs, Hoholik Brothers plumbing shop on the Westside with 2 apartments upstairs and the Nelson Dairy project.

Initial steps were taken by the board of directors towards obtaining a National Guard unit here in Manistique. Unofficial assurance has been received by this organization that Manistique will receive a unit of the 2nd Battalion as soon as the 1st Battalion is completely organized.

An industrial survey is being completed at the present time. This is in cooperation with the State Planning commission.

Transportation hearing—Representatives of several cities met with the Soo Line railroad officials in Minneapolis regarding poor service in the U. P. The city was represented at two hearings in Sault Ste. Marie in which many complaints were aired regarding transportation facilities in the U. P. We now have daily sleeper accommodations between Soo and Detroit, also a Greyhound bus line between the Soo and Goul City.

A new sleeper car will soon be placed on the night train to Chicago from the Soo. New and heavy track is being laid at the present time from Manistique east.

Harbor hearing—The C of C in cooperation with various civic groups obtained a reopening of the harbor hearing and it is felt that our recommendations will be accepted by the district engineer at Milwaukee. However, it will take about two years for final approval for improvements to the local harbor. The U. S. government has dredging operations at the present time in the local harbor.

Initial steps have been taken towards a city zoning ordinance. However, the matter is now in the hands of the city officials.

Improvement of telephone service through several meetings with Michigan Associated Telephone company officials.

Historical sites—Father Baraga Memorial property; will attempt to preserve as permanent park.

In the past four months over 500 tourist requests acknowledged, 17 requests for real estate acknowledged, 104 letters with information regarding retail dealers and 11 letters acknowledged regarding industrial survey.

## Zion Lutheran Church To Hold Picnic On Sunday

Members and friends of Zion Lutheran church will gather for a church picnic at Indian Lake State Park on Sunday. The affair will commence with a Galilean service at 3:30 p. m., conducted by Rev. G. A. Herbert, the pastor. Those who attend will bring their own lunch for pot luck as well as camp stools or blankets. The Woman's Missionary society will be in charge of the event with Mrs. Victor Carlson serving as chairman of the committee on arrangements. The pastor announces that the outing will be held rain or shine.

At 10:30 a. m., on Sunday the congregation will commemorate the Transfiguration of Christ in a special service. New hymnals given in memory of the late Ewald L. Nelson will be dedicated and the pastor will speak on the theme "The Glory of the Son of Man."

## BIBLE CAMP IN PROGRESS

### Youths Attend Covenant Point Meet Near Iron River

The annual Covenant Point Bible Camp is now in session at Hagerman Lake near Iron River.

Last week Alice Kallerson, Lorraine Olson and Vera and Joanne Holmlund of Ensign were present at the junior girls' camp and this week Bobby Quarnstrom, Jimmie Smith and Bob Lowe are attending the junior boys' camp.

The youth camp is to open this coming Saturday and will continue through July 26 and the senior camp starts on the 26th and continues through August 2.

A jubilee service of the Young Peoples association will be held on Sunday, July 27, in connection with the senior camp. Guest speaker of the day will be the Rev. Eric Danielson of Grand Rapids. All living charter members of the association will be appropriately recognized and an historical sketch of the work and progress of the association will be given.

Pfc. Paul Nessman, son of Mr. and Mrs. John B. Nessman, 106 Arbutus avenue, Manistique, is the subject of an interesting article in Service Stripe, weekly newspaper of Walter Reed General Hospital in Washington, D. C., where he has been a patient for several months. The article deals with Pfc. Nessman's outstanding work as a student of the United States Armed Forces Institute.

Pfc. Nessman served in the European Theater of Operations, and was injured in an automobile accident in Detroit shortly after his return to this country. He has been a patient at Percy Jones and Walter Reed hospitals the past 21 months, and expects to return to his home in Manistique late this month.

The article reads in part as follows:

Winning Distinction certificates from the United States Armed Forces Institute seem to be a habit with Pfc. Paul Nessman. It all started more than two years ago when he was in training with the 87th Division in the States. The institute, upon Paul's application, furnished him with the requested courses, but it so happened that just before they arrived his transport had pulled gangplank with destination ETO.

The courses followed him across the sea, but the Manistique soldier, realizing that discretion is the better part of valor did not try to pursue his studies in the Thuringian forest, Germany. On redeployment he was returned to the States, expecting to get a glimpse of Japan. However, fate stepped in and he landed at Forest Glen (Walter Reed hospital), for convalescence, and incidentally to begin anew his quest for knowledge.

Paul started with the office machines course, which consists of the operation of four basic types of office machines. Within a short time he had mastered the various phases of addition, subtraction, multiplication and division by machine computation, and immediately applied for the End-of-Course test.

Without waiting the few days for the exam to arrive, Nessman plunged into the series of bookkeeping and accounting courses which, he reasoned, would be of invaluable aid in practically any phase of the business world. After passing the office machines test, he received his first of three "With Distinction" certificates from the USAFI. Just as a form of diversion, Nessman also has been brushing up on his typing for speed and accuracy, and studying the fundamentals of the Vari-typewriter. It looks now as if the "Bustling beaver" of Forest Glen will eventually raise his "With Distinctions" to six, which is not a bad batting average in any man's league—all within a period of approximately six months.

## T-5 Donald Smith Of Seney Takes Rest Leave In Japan

With the Eighth Army in Osaka Japan.—T-5 Donald C. Smith, son of Mr. and Mrs. Charles Smith of Seney, Mich., has recently taken a seven day rest leave while serving in Japan with the 27th Infantry Regiment under the famous 25th Infantry (Tropic Lightning) Division, commanded by Major General Charles L. Mullins Jr.

Prior to entering the service on September 27, 1946, T-5 Smith was a student at Michigan State College.

T-5 Smith sailed overseas on December 23, 1946 and entered the 25th Infantry Division on January 12, 1947. He spent his seven day rest at the Hakuunro Hotel, Kanazawa, Ken Honshu, Japan.

## Garbage Collection Starts Here August 1

The City of Gladstone will have regular collection of garbage and refuse beginning August 1 as the result of an ordinance adopted by the city commission following public hearing Monday evening.

About 30 persons attended the hearing and a number of them expressed the belief that the collection should be financed by a special tax. However, most were satisfied when it was explained how the collection was to be paid for.

According to present plans, utilization of the city collection service will be optional upon the part of the home-owner.

## HEGGBLOM ASKS PUBLIC DEBATE

### Wants Candidates To Discuss Issues Of Campaign

Uno S. A. Heggblom of Manistique, candidate for the Republican nomination for congressman from the 11th Michigan district, yesterday issued a challenge to his opponents to debate and discuss the issues of the campaign at mass meetings to be held in Petoskey July 23 and Gladstone July 25.

"It is proposed that such public forums be held in cities of central location and in neutral communities in which no candidate resides," Heggblom stated. "Below the Straits, Petoskey would be the logical place, and above the Straits, Gladstone. The time should be equitably divided among candidates present and a question period for the public is also suggested, as the public is certainly entitled to know where we, as candidates, stand on all vital issues. This is the only election now being held in this nation's 435 congressional districts, and discussions or debates, even of the Lincoln - Douglas variety, would be thought provoking to the public as well as the candidates."

Heggblom has been a practicing attorney in Detroit and Manistique for 25 years, and is economic editor of the publication, "Economic Democracy." Heggblom was a member of the Michigan delegation to the Wilkes convention at Philadelphia in 1940 and also the Dewey convention in 1944. In 1945, he was a Michigan delegate to the National Fair Employment Practices conference at Washington, D. C.

He addressed a public meeting at the Gladstone city hall last night.

Mrs. Oliver Ohlen, 1114 Wisconsin avenue, spent Tuesday in Green Bay.

Miss Anita Martin and Marty Vallo have returned to Chicago after visiting Mr. and Mrs. John Martin, 617 North Seventh street.

Miss Vera LaLande, 1018 Michigan avenue and Miss Elaine Pokensky, 608 Superior street, will visit in Chicago for a week.

Miss Joan Swanson, daughter of Mr. and Mrs. Eloy Swanson, 113 South 12th street, submitted to an operation for appendicitis Tuesday morning at St. Francis hospital.

Mrs. Elmer Sidbeck is a surgical patient at St. Francis hospital.

Jackie Thennes, Garden, Mich., submitted to a tonsilectomy on Tuesday morning at St. Francis hospital.

Mr. and Mrs. W. A. Aasve and daughter, Muriel, Gladstone Route 1, and Miss Pat Bolger, city, returned Tuesday from a vacation visit in Duluth with Mrs. Aasve's parents.

Mr. and Mrs. Wm. D. Valind, son, Pete, and daughter, Elode, Marquette, have returned from Luxembourg, Wis., where they visited for several days with Mrs. Valind's brother, Rev. Fr. Palement.

Mr. and Mrs. James Ketchum have arrived from Pearl Beach, Mich., to spend a week visiting in Gladstone. They are former residents of this city.

Mr. and Mrs. Jos. Brunelle and family left Saturday evening for their home in Birmingham, Mich., after a vacation visit at the David Page home.

Miss Madeline Archambeau is enjoying a week's vacation from her duties at Frank's Food Market.

Albert and Arthur DeSmet of Detroit and Chester Ellis of Newark, Ohio, have returned to their homes after spending the past two weeks visiting friends here. Mrs. Arthur DeSmet is staying another week, visiting at the home of her parents, Mr. and Mrs. Fred Kinkella.

Mr. and Mrs. Joseph Burt and children of Grand Rapids are visiting with Mrs. P. L. Burt, 822 Superior avenue. They will leave for their home Saturday.

Mrs. Gust Lindahl has left for Sheboygan, Wis., called by the illness of a brother, George Larson.

## Garden Fisherman Pays For Violation

Pleading guilty to a commercial fishing violation, Clarence Svaer of Garden was fined \$25 and costs of prosecution upon his arraignment before Justice of Peace O. C. Estenson Monday.

## City Briefs

Mr. and Mrs. Fred Schraffenberger and children, Judith and John, of Chicago are guests here at the C. L. Wedell home.

Mr. and Mrs. H. H. Secore spent Monday in Iron Mountain on business.

Mr. and Mrs. Henning Matson are the parents of a son weighing nine pounds and two ounces, born Saturday, July 12, at the Shaw hospital. The baby has been named James Henning.

Mrs. E. Ashford and son, Brian, and Miss Siri Olson, of Lansing, are visiting here with their parents, Mr. and Mrs. Frank Olson, 545 Park avenue.

Recent visitors at the home of Mr. and Mrs. John M. Hewitt were Mr. and Mrs. Clifford Hand of Pontiac and Mr. and Mrs. A. Barnum of Detroit.

Walter Burns left Tuesday night for Green Bay where he will enter St. Vincent's hospital as a surgical patient.

Dr. and Mrs. R. E. Umbenhaur and infant daughter, Marsha, have returned to their home in Evergreen Park, Ill., after spending two weeks here with Mrs. Umbenhaur's parents, Mr. and Mrs. Gregor MacGregor. They were accompanied home by Miss Joan MacGregor who will visit there for some time.

Rialto Bldg.

## Briefly Told

**Special Services**—The Reorganized Church of Jesus Christ of Latter Day Saints, 11th and Wisconsin avenue, will hold special services tonight at 7:30. The speaker will be apostle Blair Jensen of Kansas City, Mo.

**Ladies' Aid**—The Ladies' Aid of the First Lutheran church will meet on Thursday afternoon at 2:30 o'clock at the home of Mrs. Eric Apelgren, 602 Montana avenue. Everyone is welcome to attend.

**Midweek Service**—Midweek services are to be held this evening at 7:45 o'clock in the Mission Covenant church.

**Prayer Hour**—An hour of meditation and prayer is to be held at the home of Mr. and Mrs. Andrew Anderson on Michigan avenue this evening at 8 o'clock for members of the First Lutheran congregation.

## Pets Are Poisoned, Reports Indicate

Several dogs and cats, children's pets, have died suddenly in the west central part of the city the past few days, apparently from poison, it is reported. No reports of suspected poisonings have been received by local police authorities since the epidemic last spring in the eastern end of the city.

Police point out that there is little recourse, however, in the event that the deaths are due to poisonings for the law requires dogs to be confined, or when away from the home to be on leash.

## Annual School Audit Is Being Made Here

The Morrison Audit company of Marquette is now engaged in making the annual audit of books of the Gladstone school district. The audit is made each year the early part of July.

# Zale And Graziano Tangle In Dream-Fight At Chicago Tonight

## BIRDIES TO SING FOR ONE OF 'EM

Bash Fans Gather From Near And Far; Gate Goes To \$400,000

BY SID FEDER

Chicago, July 15 (P)—The fight fan's dream fight—the second round of the middleweight championship brawling between Tony Zale and Rocky Graziano—comes off in Chicago Stadium tomorrow night, and it is practically a sure-thing bet that the birdies will sing for one of them along the way.

This only has to be a weak carbon copy of the explosion they set off in Yankee Stadium last September to be twice as hot as the weather around here in the stadium around 10 p. m. (Central Daylight time) tomorrow. It's an indoor arena without cooling system, to begin with, and there'll be a near-sellout of some 20,000 customers.

That last time, Champion Tony came back from the verge of defeat and to cave the roof in on Rocky in the sixth round and save his title in as game a job as any ear-scrambler has turned in for quite a spell.

The result is, the bash boulevardiers are gathering from near and far for this one to give it all the earmarks of a heavyweight title super-colossal. Some 260 sports writers are here to cover it. And the customers already have contributed enough cash—at \$30 per ringside pew—to assure more than \$400,000 in the till a new all-time high gate for an indoor fight.

### WHAT THEY SAY

Chicago, July 15 (P)—Here are the pre-battle statements for tomorrow's middleweight championship bout:

Champion Tony Zale: The way I feel, I'll whip Graziano within six rounds. I'm stronger than in our last fight, when I knocked him out in six. Remember, I was fighting after only two months' recuperation from pneumonia—that time, and I fought the last four rounds with a broken right hand.

Challenger Rocky Graziano: Tony is crazy. I'll knock him out in any round he falls. And it won't last more than one or two. It can't go more than a few rounds—and I'll be the champ when it's over.

### SOFTBALL

#### FORFEIT

Goodman's defeated Pelins by forfeit yesterday in a Midget softball league game.

#### COLAS BEAT FLAT ROCK

The Coca Cola softball team defeated the Flat Rock Jrs. Monday with a score of 15 to 14. The battery for the Coca Cola team was Vian and Lindquist.

#### COYNES WIN, 18-12

Coyne's Garage defeated Halvorson's, 18-12, in a Midget league game yesterday. Phil Williams homered with two aboard for Coyne's. Dregge pitched for Coyne's and Franzen and Johnson occupied the hill for Halvorson's.

#### TEXACO 23, BIRDSEYE 2

Tuesday night the Texaco Stars whipped Birdseye Veneer, 23-2. During the fifth inning, the American league winning team was up to bat for three rounds before the third out. Myron Carlson, winning pitcher, allowed the losers six hits. Slug Hanson was the losing pitcher.

#### DeGRAND'S OIL WINS

In the National league DeGrand's Oil took a close victory over Tim and Sally's with the tallies at 7-5. Guay pitched for the winning team, and Sullivan for the losers.

#### FARMERS SUPPLY NOSED

Helen & Bud's won a 7 to 6 decision over the Farmers Supply last night. Batteries were Cousineau and Nyquist for the winners, and Derucha, Seidl and Morin for the Farmers.

#### VICTORY FOR K. OF C.

Paced by two homers, contributed by Fred DeGrand and Fred Grenier, the K. of C.'s trimmed the Flat Rock Juniors last night, 15 and 6. Batteries: Lacosse and Brown, King and Sturdy.

#### CADET LEAGUE

Coming from behind after giving their opponents a 7-1 lead, Bonfield's defeated Corbett's Corner last night 10 to 9, in a Cadet league game at the junior high school diamond. Batteries were: Cloutier and Bink, Provo and Kutchers.

## Reds Come Up From Behind To Nose Out Phillies, 5 and 4

Philadelphia, July 15, (P)—Ewell Blackwell chalked up his 14th straight victory tonight as the Cincinnati Reds came from behind to defeat the Philadelphia Phillies 5 to 4 with Eddie Miller driving in the deciding run in the eighth inning before a crowd of 19,298. Cincinnati . . . 001 210 010—5 9 0 Philadelphia . . . 202 000 000—4 1 0 Blackwell and Lamanno: Jurusch and Seminick.

There are 227 toboggan slides, and 106 public ski jumps in the U. S.

## Fight Facts And Figures

(By The Associated Press)

Title at stake—World middleweight championship. Principals—Tony Zale, Gary Ind., champion vs Rocky Graziano, New York, challenger.

Place—Chicago Stadium, Chicago (indoors). Date—Wednesday, July 16, 1947.

Time—First of six preliminary bouts, 8:30 p. m. Central Daylight Time; main bout, 10 p. m., CDT.

Expected weights—Zale 159 pounds; Graziano 156.

Distance—15 rounds to a decision.

Officials—Referee and two judges, to be appointed by Illinois State Athletic Commission.

Expected crowd and gate—20,000 fans and gross of \$425,000; net, \$310,000, plus \$30,000 for broadcast rights.

Purses to the principals—For Zale, 40 per cent of net (approximately \$136,000); Graziano, 20 per cent (approx. \$68,000).

Betting odds—Zale 5 to 7, man to man; against bookmakers, bettor lays 15 to win 10 if betting Zale; lays 10 to win 13 if betting Graziano; on knockout, lay 6 to 5 and pick winner; on fight ending inside of six rounds, without picking winner, even money.

Broadcasting—National Broadcasting Company network, 10 p. m., Central Daylight Time. (No television broadcast).

## Basement Pirates Cut Down Brooks, 12 to 4 and 9 to 3

Brooklyn, July 15 (P)—The cellar dwelling Pittsburgh Pirates came out of their lethargy with a vengeance today, hammering out 25 hits including eight for extra bases against seven Brooklyn batters to defeat the Dodgers in both ends of a double header 12-4 and 9-3. The double defeat cut a era from the Pirates' record, that time, and I fought the last four rounds with a broken right hand.

Challenger Rocky Graziano: Tony is crazy. I'll knock him out in any round he falls. And it won't last more than one or two. It can't go more than a few rounds—and I'll be the champ when it's over.

## Five-Hitter By Koslo Shuts Out Cubs, 4 To 0

New York, July 15 (P)—Lefty Dave Koslo shut out the Chicago Cubs with five hits tonight for his 10th victory of the season as the New York Giants won 4-0.

Walker Cooper hit his 20th home run and Willard Marshall his 21st for the Giants.

Koslo, in winning his second shutout, fanned five Cubs whom he has now beaten four straight times. Doyle Lade, who pitched the first six innings, was tagged with his seventh defeat.

The defeat was the Cubs' 10th in their last 11 starts.

The Giants broke a scoreless deadlock in the fourth on a hit batsman, an infield out and the first of Lenny Merullo's two errors. Marshall's and Cooper's homers came in succession in the sixth. The other tally crossed the plate in the same inning when Catcher Bob Scheffing threw the ball into left field in an attempt to pick Sid Gordon off third.

The defeat was the Cubs' 10th in their last 11 starts.

## TIGERS BATTER SENATORS, 11-6

Runs Come In Bunches; 3 Washington Mound Workers Pounded

Detroit, July 15 (P)—Bunching their runs in clusters, the Detroit Tigers plastered three Washington Senators for 14 hits and an 11 to 6 triumph over the Senators here today before 11,378 fans, one of the Tigers' smallest twilight crowds in history.

Both Paul (Dizzy) Trout of Detroit and Rae Scarborough of the Nats, who started departed after two innings with the score tied at 4-4.

Early Wynn's pinch single drove in Washington's fifth run in the third and Milo Candini protected the lead until Detroit bunched five hits for four more runs in the sixth to sew it up.

Just to make sure, they scored three more in the eighth to turn it into a rout.

Hall White, second of three Detroit hurlers, took credit for the victory but had to have help from Vinny Trucks, who pitched the last three frames.

Ray Cullenbine hit his 12th homer of the season with one man on base in the second and Eddie Lake and Hoot Evers each connected for a triple for the Tigers.

Cecil Travis led Washington's 11-hit attack with three singles.

Two walks, a pair of singles and Mickey Vernon's double put the Nats out front 3-0 in the first but Detroit got two of them back in its half on three passes and singles by George Kell and Evers.

Sherry Robertson's double after Buddy Lewis had walked made it 4-2. Washington, in the second before the Tigers tied it on Lake's triple and Cullenbine's homer into the upper deck in right field.

After Wynn connected as a pinch-hitter to tie the score to 2-2, Cullenbine and White had themselves a pretty good pitching duel until the Tigers wrapped it up with a four-run outburst in the sixth featuring successive singles by Eddie Mayo, Bob Swift and White, a double by Dick Wakefield and a two-run single by Pat Mullin.

Evers' triple chased two more Detroit runs across in the eighth off Scott Cary and Mayo's second hit of the game scored Evers with Detroit's last run.

The same clubs tangle Wednesday and Thursday in a pair of doubleheaders. Hal Newhouse and Stubby Overmire were the Tigers' nominees tomorrow against Matt Masterson and Marlin Piretti.

Washington . . . 000 100 001—2 9 0 Detroit . . . 000 100 000—11 5 0 Evers and Robinson; Feller and Hegan.

## Manistique Junior Hardball League To Play Here Today

Manistique Junior Hardball League will meet Carlson's Grocery of Escanaba in a game at Royce Park at 1:30 this afternoon and Northern Motors at 3:30, in five-inning games. The Manistique boys are in the 11-13 age group as are the members of Carlson's Grocery while Northern Motors players are in the 14-17 age bracket.

This morning at 9:30 in Royce Park the Feldstein team will meet Cliff's grocery.

In Tuesday's games Anderson and Bloom defeated Feldstein 12-1; Berts tipped Ferguson's 9-0 and Northern Motors took a 12-6 victory over Carlson's Grocery in an exhibition game.

The Upper Peninsula pistol shoot will be revived this year at the Upper Peninsula State Fair. Complete details will be available in a few days, but there will be at least two divisions, one for .22 caliber pistols and another for .38 caliber or larger. Competition will be wide open, according to present plans.

The Michigan State High School athletic association has been ominously silent regarding its next move in a campaign designed to knock the U. P. all-star football game in the head, but we'll bet that the state department biggies are not ready to admit that they're licked.

Negaunee officials are going ahead with plans for the game on Aug. 16 under the floodlights. Sports fans are anxiously waiting to see how player response will develop. High school coaches obviously carry a lot of weight in that regard.

# Lake States Saved By Cooling Winds; Ponca City Has 106

(By The Associated Press)

Cooling winds crossed Lake Michigan and Lake Superior to surrounding states Tuesday but most of the nation sweltered.

Apparently the hottest place was Ponca City, Okla., which had a maximum temperature of 106.

The coolest spots were Butte, Mont., 53; Land O'Lakes, Wis., 54, and Park Falls, Wis., 57.

Michigan generally had low temperatures also with 57 at Houghton and Marquette.

Northern Illinois and Indiana had temperatures in the 70's. Minnesota ranged from the low sixties to the middle eighties.

The warmest section was through Oklahoma, southern Kansas and the extreme northern part of Texas, where the mercury went over 100.

Federal forecasters at Chicago said the weather picture would be much the same tomorrow except for higher temperatures in the states surrounding Lake Michigan and Lake Superior.

# House Passes Bill For Loyalty Checks On Federal Workers

Washington, July 15 (AP)—Legislation setting up the machinery for loyalty checks on all federal workers and job applicants was passed today by the House and sent to the Senate.

Its approval came after opponents assailed it as unfair and undemocratic and said it would result in a "government administered by robots."

But proponents defended it as necessary to prevent inroads by subversive groups into the federal service.

Chairman Rees (R-Kans.) of the Civil Service commission told the House approximately 42,000 employees and 20,000 job applicants will be checked by the FBI during the first year of the proposed new law.

Rees said the legislation seeks the same objectives outlined in President Truman's recent order creating an employee loyalty commission to screen federal employees. However, he explained, it puts into actual law what the President proposed through executive order.

# Pasto Earthquake Damage Is Heavy; No Deaths Reported

Bogota, Colombia, July 15 (AP)—

Widespread damage was caused by yesterday's violent earthquake at Pasto, but only seven of the city's 50,000 inhabitants were reported injured. No fatalities were reported.

A former governor of the Narino department, of which Pasto is the capital, estimated the damage today at 1,000,000 pesos (about \$580,000).

Panic reigned among the populace when the town, which is near the Ecuadorian frontier, was plunged into darkness amid the roar of crumbling buildings.

Yesterday's first tremor occurred before dawn and lasted for seven seconds, after which the city was enveloped in darkness. Eyewitnesses said the residents ran wildly about the streets.

Later reports said there were three other tremors during the day, but that the overall picture appeared far less appalling than had been feared.

# Used Car Racket Test Case Will Be Heard At Lansing

Lansing, July 15 (AP)—Hugh D. Salway, Jonesville used car dealer, today was ordered to appear before Secretary of State Fred M. Alger Jr., on the question of revoking his license.

The hearing was set for 10 a. m. Friday, July 25.

"It is believed that the evidence, which included the advertised sales of new automobiles," said a prepared statement from Alger, "is of such clearly defined nature that this case may easily determine the policy of the secretary of state's office in the definition of the sale of a new car by a used car dealer."

Alger said the case was brought to his attention by Frank W. Herick, secretary of the Michigan Automobile Dealers' association.

"Mr. Salway's newspaper ads," Alger said, "baldly state the cars are 'New—just received from the dealer.'"

# Hot Weather Gives Corn Needed Boost In Midwest Region

Washington, July 15 (AP)—The weather bureau reported today that the corn crop, hampered by excessive early season rains and floods, made "much" improvement during the past week.

The bureau said that generally above normal temperatures and abundant sunshine in the main midwestern corn belt influenced the improvement.

These factors were said to have stimulated growth and development of the crop, which is much later than normal.

In Iowa, the major corn state, both progress and condition of the crop were reported good, with 24 per cent of the crop laid by on July 12 in comparison to 90 per cent on the same date last year.

In Illinois, corn was said to be mostly fairly good to good and to be growing rapidly. The bureau said a few nights were too cool in the past week for the crop in the lower lake region. Generally speaking fields were clean, except in the northeast where frequent rains delayed cultivation.

**SCENIC TAHQUAMENON FALLS** — Two capacity boatloads of tourists visited the famous Tahquamenon falls on the Tahquamenon river, north of Newberry, on Sunday. The falls trip is a big attraction for amateur photographers. In the foreground, at the right, is Miss Bernice

Schreder, teacher in the Detroit public schools, focusing her camera on the falls. Miss Schreder is visiting with relatives in Gladstone. Indications are that the record attendance of 40,000 visitors to the falls, established during the 1946 season, will be exceeded this year.

# WOMAN HURT WHEN HIT BY FALLING BRICK

(Continued from Page One)

by the firemen in fighting the fire was that the water mains in that area are only four-inch, compared with six, eight and larger up to 16 inches elsewhere. Because of the small mains the fire department booster pump would exhaust the water when more than one or two hoses were used at high pressure. The Gladstone booster pump was brought to Escanaba and was also used at another fire hydrant outlet where the main was six inches in size.

Father Maier said that he was awake before the arrival of the fire department and that when he heard it he believed the fire was across the street.

"It was about 4:30 when someone rang the doorbell and said the church was on fire," Father Maier said. "I ran to the church and tried to enter but the heat and smoke drove me out. Then I ran to the sacristy door and broke it open and was able to save the Blessed Sacrament."

# Plan For Services

Eugene Peltier, St. Ann church janitor for many years, assisted Father Maier in saving the Blessed Sacrament and the vestments from the flames.

Father Maier said that as yet there were no definite plans for the continuance of services for St. Ann's congregation, but that it might be possible to use the hall in St. Ann school. Announcement will be made when arrangements for services are completed.

Firemen continued at the scene of the fire all day yesterday in an effort to extinguish the last lingering flames in the basement and in part of the walls still standing at the rear of the church. The sacristy on the north side of the church is still standing although greatly damaged. Volunteers removed furnishings and altar accessories from the sacristy to the convent.

The flames gained headway slowly but finally flared through the roof and up through the bell tower, which fell amid a shower of flames, scattering burning embers southward for half a block. The firemen turned hoses on the roofs of dwellings to extinguish the embers and prevent the further spread of the flames.

# Priest Interred There

After the collapse of the tower and the side walls, the tottering front wall of brick continued standing until it was razed by the firemen to prevent persons being injured if it should fall. One woman was injured earlier in the morning by a falling brick, and the hospital reported that Fireman Roy McDonald had been given anti tetanus shots after receiving a wound in his foot when he stepped on a nail at the scene of the fire.

Construction of St. Ann church was begun in 1887 with the sanction of the Ordinary of the Diocese after French speaking members of St. Joseph's congregation decided to separate from St. Joseph's church, the mother church of Escanaba. St. Ann church was completed in 1898 and the first pastor was the Rev. Father Joseph F. Martel, whose body was interred in the church basement following his death on March 19, 1893. The body was removed two years ago to St. Ann (now Holy Cross) cemetery.

The church was dedicated in honor of St. Ann by the late Bishop John Vertin in September of 1898. The fire did not damage the rectory north of the church nor St. Ann school, which was built in 1920. In 1925 the church was greatly improved and in 1903 a

# AMERICA WILL TRY TO BUILD NEW GERMANY

(Continued from Page One)

prosperity are created in Europe as a whole. An orderly and prosperous Europe requires the economic contributions of a stable and productive Germany as well as the necessary restraints to insure that Germany is not allowed to revive its destructive militarism.

Military government leaders said that a section on "recovery" apparently laid the groundwork for the participation, at least of Western Germany, in the Marshall plan. This section directed Clay to "consult with other European countries and international organizations representing such countries on matters of German production and trade and ensure that emphasis is given, in the selection of items for export, to goods needed by European countries for their economic recovery and rehabilitation."

The directive also provided that "funds for German expenditures should be increased 'where necessary to speed the restoration of normal international commercial relations between Germany and the rest of Europe and where needed to speed the attainment of a 'self-supporting German economy at an appropriate standard of living.'"

# Exports Finance Imports

The directive contained these salient points: Reparations—The U. S. government does not agree to finance the payment of reparations by Germany to other United Nations by increasing its financial outlay in Germany or by postponing the achievement of a self-sustaining German economy. The U. S. government reaffirms the principle that the proceeds of authorized exports shall be used in the first place for the payment of authorized imports.

Socialization—The U. S. will "give the German people an opportunity to learn of the principles and advantages of free enterprise," but it will "refrain from interfering in the question of public ownership of enterprises in Germany except to insure that any choice for or against public ownership is made freely through normal processes of democratic government."

Self-government—The U. S. government does not wish to impose its own historically developed forms of democracy and social organization on Germany and believes equally firmly that no other external forms should be imposed.

Decartelization—Pending agreement within the other occupying powers, Clay was instructed to prohibit in the U. S. zone "all cartels and control-like organizations and effect a dispersion of ownership and control of German industry" through the dissolution of combines and other restraints of trade.

# CHICAGO POTATOES

Chicago, July 15 (AP)—(USDA)—Potatoes, arrivals 106, on track 298, total U. S. shipments 314; supplies moderate; demand fairly good for best, very slow for others; market about steady; California long whites, \$4.50 to \$4.65; Idaho-Oregon bliss triumphs, \$4.15 to \$4.60; Washington bliss triumphs, \$4.65; long whites, \$4.25 to \$4.35. (All U. S. No. 1 quality washed).

# BORDER MIXUP IS MENACE TO WORLD PEACE

(Continued from Page One)

ing for a seven-nation commission which would have headquarters outside the Balkans.

Lopez said Greece had "become a frontier between the east and the west in an ideological war" and this was making the solution difficult.

China supported the United States plan.

Earlier Johnson, declaring he was speaking on direct instructions from Washington, said the Balkan situation was a matter of "genuine urgency" to the world. Noting that he was acting on direct instructions from Washington, Johnson urged the council this morning to sidetrack all other business and push for a decision.

# BY L. S. CHAKALES

Athens, July 15 (AP)—Air-borne Greek Army reinforcements halted abruptly today a drive by 2,500 savagely fighting guerrilla troops 19 miles from their objective, the Epirian capital of Ioannina in northwestern Greece, and enveloped them in a trap from which they "cannot escape," a cabinet minister said tonight.

The guerrilla drive, which the Greek government contended originated in Albania, was stopped short at the village of Negrades, 19 miles north of Ioannina (Janina) during the first clash between government troops and the insurgent band.

The government minister said it had not been determined on how large a scale the battle at Negrades had been waged, but that the government was confident the threat to Ioannina and its population of 20,000 had been dissipated.

War Minister George Stratos said that two army brigades of 1,500 men each moving down on the guerrilla forces from the north and a third brigade moving against them from the opposite direction had halted the menace to Ioannina.

The guerrillas "cannot escape and they have to give battle," Stratos declared.

A source close to the Greek general staff said a "showdown" battle between the army and the guerrillas, who began a surprise offensive Sunday, moving against the village of Konitsa with military precision and full war equipment, probably would take place soon in the region of the village of Yeroplitanos, 25 miles north of Ioannina.

# CHICAGO BUTTER

Chicago, July 15 (AP)—(USDA)—Butter, steady; B 90 score, 67 to 67.25; others unchanged.

# CHICAGO EGGS

Chicago, July 15 (AP)—(USDA)—Eggs, unsettled; large No. 1 and 2 extras, 50 to 53; medium extras, 45 to 46.5; standards, 44 to 45; current receipts, 40 to 40.5; dirties, 37 to 38; checks, 37 to 37.5.

# CHICAGO LIVESTOCK

Chicago, July 15 (AP)—Livestock holders again had the upper hand in dealings today, forcing buyers to prices from steady to mostly 25 and 50 cents a hundredweight throughout. Fed cattle led the way, but all weights of hogs and cows as well as spring lambs followed quickly.

Most good and choice hogs took \$20.00 to \$27.25, the top, while sows sold between \$15.75 and \$21.50. Shippers bought 1,500 of the 3,000 head on sale and packers had 2,000 more on direct consignment. Choice steers went as high as \$31.75, yearlings \$31.00, and heifers \$29.25. Most good to choice steers and yearlings went for \$27.00 to \$31.00, heifers for \$25.00 to \$29.00. Good cows topped at \$22.00, sausage bulls at \$19.50, yearlings, which were up 50 cents solid, \$24.50, and stock cattle \$23.00.

# FLOODS KILL THE RAGWEED

May Be Less Hay Fever  
In Country As  
Result

Washington (SS)—Floodwaters that ruined millions of acres of lowland corn did at least one good thing along with all the evil wrought. They also killed millions of acres of ragweed, whose

pollen is the chief cause of hay fever in this country.

Tall ragweed flourishes best on muddy riversides subject to frequent flooding that prevents more permanent types of vegetation from getting a foothold. It also grows densely on the neglected patches of land in odd corners of railroad yards, around city dumps and on low-lying wasteland generally. Low ragweed is a dominant cornfield weed, along with cocklebur, which is perhaps the No. 3 hayfever pollen producer over most of the Midwest.

Along with the lowland cornfields, the wasteland habitats of the ragweeds have been drowned

out, sometimes being under water continuously for weeks. Like the lowland corn, the lowland ragweeds have been either killed outright or so retarded in their growth that they will hardly blossom and produce pollen this summer.

This destruction of hayfever weeds on the lowlands will be at least partly offset by their greater growth in upland cornfields where continuous rain prevented effective cultivation during the spring weeks. Now this corn is too high to cultivate and the ill weeds grow apace.

Just what the final balance sheet of ragweed acreages will

be there is no way of guessing now. It should be interesting, however, to compare this year's daily pollen counts with those of more than nearly normal years.

The weedy cornfields will, of course, produce huge crops of ragweed seed and cockleburs to plague farmers and folk with sensitive noses next year and for several years thereafter—for part of the seeds of these troublemakers always lie dormant for from one to five years. By the same token, the riverside areas that bear no ragweed crops this year will have them in 1948, from the dormant seed now lurking in the soaked soil.

## THE Fair STORE

# BROOMSTICK SKIRTS

fo ra flattering summer

In little girls sizes 7-14. Yards of fabric to swirl around your legs. Wash it, wind it around a broomstick and presto! It's ready for the next flattering wearing. Fashioned of colorful cotton prints.

Dainty, Philippine  
handmade baby

## DRESSES

A fitting tribute to the little queen or king of your household. Dainty dresses, each tiny stitch patiently made by hand. Trimmed with the loveliest of embroidery designs. Long christening dresses with embroidered slips to match. Other dresses in shorter version. A wonderful gift for any baby.
